# STAAR END-OF-COURSE REPORTING STUDENT DATA FILE FORMAT

## Overview

All STAAR, STAAR L, STAAR A, and STAAR Alternate 2 data for end-of-course (EOC) assessments will be reported on the same data file (STAAR Alternate 2 is only administered during the spring administration). There will be one record on the data file for each subject for which a student is assessed. Following is a list of the most significant changes being implemented in 2015.

- 1. STAAR A:** Information for the STAAR A test version has been added.
- 2. STAAR Modified:** STAAR Modified is no longer offered and references to STAAR Modified have been removed.
- 3. STAAR Alternate 2:** Information for STAAR Alternate 2 is updated with the Score Codes, Reporting Category Scores, Raw Scores, and Scale Scores reported in the same fields as other test versions. STAAR Alternate 2 will have a Test Administration Mode of paper. New fields have been added for STAAR Alternate 2 accommodations. See positions 291 (score codes), 301 (test administration mode), 351–362 (reporting category scores), 389–391 (performance level results), and 701–714 (accommodations).
- 4. Level II Phase-In 3 Passing Standard:** Level II Phase-In 3 Passing Standard has been added. See position 387.
- 5. Student Performance Standards and Performance Level Results:** A field has been added for Level II: Satisfactory Academic Performance at the Phase-In 3 Standard (STAAR, STAAR L, and STAAR A test versions). See position 397.
- 6. STAAR Progress Measure Information:** Course has been added to the Previous-Year field. See positions 415–416 (previous-year grade/course).
- 7. ELL Progress Measure Information:** The ELL Progress Measure associated fields have been updated and relocated. See positions 417–428.

## Attention For Users of Tab-delimited Files

If you ordered a tab-delimited file, a delimiter has been placed after each data field in the file (Hex = 09). For example, the first data field, Administration Date, has a field length of 4 and is followed by a delimiter in position 5. Therefore, the data for Grade-Level-Code begins in position 6 rather than position 5 as shown in the data file format.

## **ITEM LEVEL INFORMATION**

431-498 68

### **ITEM REPORTING CATEGORY NUMBERS**

The number in each field indicates the reporting category measured by the corresponding item. For example, the value in the first field, position 431, indicates the reporting category measured by item 1. The second field, position 432, indicates the reporting category measured by item 2, and so on.

Note: The reporting category numbers will not be populated for all braille, STAAR L, STAAR A, and STAAR Alternate 2 version tests. The item reporting category numbers will only be provided for the spring administration.

499-566 68

### **ITEM STUDENT RESPONSES**

The character in each field indicates the student's response to the corresponding item. The student's response to item 1 is in the first field, the student's response to item 2 is in the second field, and so on. Correct responses are indicated by a plus sign (+); an alpha character (A–D or F–J) indicates an incorrect response; and an asterisk (\*) indicates that the response was left blank or multiple values were gridded. Note: for any open-ended griddable items, B = incorrect response.

Note: The student responses will not be populated for all braille, STAAR L, STAAR A, and STAAR Alternate 2 version tests. The item student responses will only be provided for the spring administration.

567-634 68

### **ITEM CORRECT RESPONSES**

The character in each field indicates the correct response to the corresponding item (value = A–D or F–J). Note: "A" will be the correct response for any open-ended griddable items.

Note: The correct responses will not be populated for all braille, STAAR L, STAAR A, and STAAR Alternate 2 version tests. The correct responses will only be provided for the spring administration.

## **STAAR EOC CUMULATIVE HISTORY**

The cumulative history data provided is from the administration with the highest scale score (where the score code is an “S”) or, if the student has not passed, the result from the last time a document was submitted for the subject. Because students taking STAAR Alternate 2 or previously took STAAR Modified are required to meet the requirements set by the Admissions, Review, and Dismissal (ARD) committee, these results are not included in the cumulative history section.
