Subject: Fall 2010 Reporting Manual

The Fall 2010 *Reporting and Procedures Manual for Texas Community, Technical, and State Colleges* has been placed on the Coordinating Board website at <http://www.txhighereddata.org/ReportingManuals.cfm>.

A description of additional reports/important dates has been added to the manual on page 0.1. These are reports that, in addition to the CBM reports, are due during the year. Institutions will be notified of actual due dates/deadlines for reports where no due date is specified.

As a reminder, the federally-required new ethnicity and race data items will be collected on the CBM001, CBM002, CBM008, CBM009, CBM00A, and CBM00M reports beginning in fall 2010. The current ethnicity field will be unused.

CBM001, CBM002, CBM004, and CBM006

Rider 59, under the Texas Higher Education Coordinating Board's appropriation in Senate Bill 1 as passed by the 81st Texas Legislature, allows institutions to offer approved non-semester-length developmental education interventions and allows institutions to claim formula funding for such interventions beginning in fall 2010. Information on the reporting of such interventions has been placed in the introductory sections of the CBM001, CBM002, and CBM004 reports. No items or fields on the CBM001, CBM002, CBM004, or CBM006 have been changed to accommodate the inclusion of these interventions.

CBM004, CBM006, and CBM00C

Item #12, Instruction Mode, has been modified to include code 6, Hybrid/Blended Course. A hybrid/blended course is a course in which a majority (at least 50 percent but less than 85 percent) of the planned instruction occurs when the students and instructor(s) are not in the same place. Code 2, Internet, has been replaced with Full Distance Education Course, which is a course which may have mandatory face-to-face sessions totaling no more than 15 percent of the instructional time. Examples of face-to-face sessions include orientation, laboratory, exam review, or an in-person test.

FOREWORD

INSTITUTIONS REQUIRED TO REPORT

- A. Each public junior/community college which is certified by the commissioner of higher education to be eligible for and which may receive appropriations made by the legislature are required to report.
- B. The Texas State Technical College campuses of Harlingen, Marshall, Waco, and West Texas are required to report by campus. The extension centers will be reported with their respective campus.
- C. The Texas State University System institutions of Lamar State College-Orange, Lamar State College-Port Arthur, and Lamar Institute of Technology are required to report.
- D. The Coordinating Board requires multiple campus community and technical college districts to submit separate reports for each college/campus in the taxing district. Out-of-district branch campuses recognized by the Coordinating Board as such must also report separately. Out-of-district Extension Centers will report with an associated college campus within the district. The following reporting procedure has been approved:
 - 1. Within a multi-campus district, each campus/college/site which represents a significant administrative structure is required to report individually to the THECB. A campus/college/site is defined as having significant administrative structure when it has its own president or provost, chief instructional officer, and other administrative offices as appropriate.
 - 2. Other types of sites which do not meet the definition will be included in the reporting with the campus or college which is responsible for overseeing its operations.
 - 3. Once a district has reported by individual campus/college/site it may not revert back to district-wide reporting.

ELECTRONIC DATA TRANSFER SYSTEM

The submission of CBM reports must be by electronic transfer. If any data items need to be changed, make the changes to your file and re-submit it as a complete report.

State and federal security requirements mandate that confidential data be transferred using a secure process. Since July 15, 2004 all files are required to be submitted or retrieved via SFTP (the secure FTP) server process. Connection to the SFTP File Server at the THECB is via the Internet.

You may create the data file containing a header record, data records, and a trailer record by whatever method available.

The header record contains information to identify the data in the file. The trailer record contains a record count of the actual number of data records in the file, not including the header and trailer records. The record count in the trailer record will be used to verify that all records were transferred through the communication system.

The actual file name is not critical. Information in the header record is used to identify data contained in the file. To avoid possible confusion or loss of a file by writing over a previously transferred file of the same name, give each file transferred a unique name.

In order to submit EDC CBM files, you must log into the SFTP server, sftp.thecb.state.tx.us, with a username and password.

For USERID: Enter "edcNNNNNN" where "NNNNNN" is your six-digit FICE code. For example, "edc001234" (lower case 'edc'; leading zeros required in the FICE code).

For PASSWORD: Enter your password, case sensitive. Contact Torca Bunton at e-mail Torca.Bunton@thecb.state.tx.us for your password.

Each FICE code has a unique password assigned to it. Guard it to prevent unauthorized access to your data.

The data sent to the Coordinating Board goes to the "INPUT" directory and the edit and summary report files are retrieved from the "OUTPUT" directory. Detailed instructions are located at [Data Transfer Procedures for THECB Reports Using SFTP](#).

Following is the format for header and trailer records to be used with the file transfer procedure. The format and content of these records are critical and must be correct and valid if the data are to be identified and processed correctly.

CERTIFICATION STATEMENT INSTRUCTIONS

When an edit for a CBM report is returned to the reporting institution, one of two actions is required:

1. If the edit reveals flagged items, corrections should be submitted for all errors and for questionable items where necessary.
2. Justification of all "Review" items is **required** before certification can be applied.
3. If all the information is correct, the reporting official should certify the report by a certification statement to the Educational Data Center. This can be accomplished by the following methods:
 - a. The reporting official may send an e-mail message to one of the data analysts which includes in the body of the message the certification statement ("I hereby certify ...") and identification of the name and FICE code of the institution, the name and title of the reporting official, the date of certification, and the CBM report ID, semester, and year of each report being certified.
 - b. A certification statement on paper may be prepared and mailed or faxed to the Educational Data Center. It should include all of the information listed in the item above with the signature of the reporting official, as illustrated by the following example.

CERTIFICATION STATEMENT

DATE: December 1, 2010

I hereby certify that the following report(s) is (are) correct and the data are usable in all output reports.

CTC General Reporting Issues

CERTIFICATION TRACKING

The goal of these procedures is to have the CBM reports collected by the Educational Data Center and certified by the institutions as available for use within four working weeks of the due date. Since there are six edit cycles each workday, turn-around time should be less of an issue. Also, the desire is to have the most current data available for formula committee work, accountability measures, and appropriation requests. The follow-up procedures for ensuring timely certification of the reports are:

1. The EDC Data Analyst will telephone or e-mail the Reporting Official if a specific report is not received within two days after the due date.
2. An email from the Director of the Educational Data Center will be emailed to the Reporting Official if the report has not been received and certified by the seventh working day after the due date.
3. An inquiry letter will be faxed to the Vice President for Academic Affairs, or the equivalent, from the appropriate Assistant Commissioner if the report has not been received and certified by the twelfth working day after the due date.
4. A letter indicating that the certification of the CB report is delinquent will be faxed to the President, or the equivalent, from the Deputy Commissioner if the report has not been certified by the end of the third working week after the due date.

CHANGES TO CERTIFIED REPORTS

- A. Changes to certified data will not be permitted unless an executive officer of the reporting institution requests the change in writing and the reporting error would have a significant impact on future year funding or statistical analysis.
- B. Requests made prior to the data being published may be approved by the Educational Data Center and must not delay standard publish dates.
- C. Requests to change data which are already published must be approved by the Commissioner.

STUDENT REPORT
CBM001

This report includes all students enrolled at the reporting institution in courses (for which semester credit hours are awarded) as of the official census date, which shall be the 12th class day for the fall and spring semesters (16 week sessions) and the 4th class day for each of the summer terms (6 week sessions). Students who withdraw from the institution prior to or on the official census date will not be reported.

Official Reporting Date

The following schedule will be use to determine the official census date for terms of various lengths:

<u>Length of Term in Weeks</u>	<u>Official Census Date is Class Day #</u>
2 or less	1
3	2
4	3
5 - 6	4
7	5
8	6
9 - 10	7
11	8
12	9
13 - 14	10
15	11
16 or more	12

The count of class days begins on the first day that classes are held in the term and includes each calendar day on which classes are normally held at the institution (e.g., Monday through Friday) until the official census date is reached. The official census day must be on a day that the Registrar's office is scheduled to be open so that a student will be able to drop or withdraw from class.

Flexible Entry

Classes whose census date is after the official census date of the regular term are known as "flexible entry" classes. Enrollments in flexible entry classes must be included in the data submitted in the semester following. These students must be identified in separate records by coding Item #20, Flexible Entry, with a '1'.

Any student enrolled as of the official census date who subsequently enrolls in a Flexible Entry class organized in the same semester must be assessed tuition and fees as though another class was being added to the student's current load.

CB Rule Regarding Tuition and Fees

CTC Student Report (CBM001)

The conditions that apply to the collection of tuition are found in Chapter 21, Subchapter A, paragraph 21.4 of the CB Rules at <http://www.theccb.state.tx.us/Rules/>.

Tuition and Fee Refund Policy

CB Rule 21.5 in Subchapter A, Chapter 21, identifies the tuition and fee refund policy. Use the link in the paragraph above to view it.

Reporting Semester Credit Hours

Effective Fall 1999, the former Item #13 has been separated into the following categories:

- Item #13 SCH in academic courses that are NOT affected by the undergraduate limit
- Item #27 SCH in academic courses that are affected by the undergraduate limit
- Item #28 SCH in developmental education courses which do not exceed the limit
- Item #23 SCH in developmental education courses which exceed the limit
- Item #29 SCH in technical courses
- Item #35 SCH in technical courses not state funded
- Item #36 SCH in academic courses not state funded

These items are mutually exclusive. When combined, they represent the total semester credit hours for the student. Item #26, SCH of Students Enrolled in Dual Credit Courses, is not exclusive of the above categories. Hours reported in Item #26 should also be reported in Items #13, #27, #28, #29, #35, or #36 as appropriate.

Effective fall 2009, in compliance with H.B. 101, 81st Texas Legislature, amendments that relate to those hours not subject to the limitation on formula funding set out in Section 13.103 of Chapter 13, Subchapter F of Board rules will include dual credit course hours for which the student received credit toward a high school diploma and semester credit hours earned by the student before graduating from high school and used to satisfy high school graduation requirements (Chapter 13, Subchapter F, Section 13.104).

Reporting Contact Hours

Effective Fall 1999, student contact hours are to be distributed among the following categories:

- Item #10A CH in academic courses taught in-district that are NOT affected by the developmental SCH limit
- Item #10B CH in academic courses taught out-of-district that are NOT affected by the developmental SCH limit
- Item #24 CH in academic courses taught as inter-institutional courses
- Item #30 CH in developmental courses if student exceeds the developmental limit
- Item #11A CH in technical courses taught in-district
- Item #11B CH in technical courses taught out-of-district
- Item #25 CH in technical courses taught as inter-institutional courses
- Item #33 CH in technical courses not state funded
- Item #34 CH in academic courses not state funded

These items are mutually exclusive. When combined, they represent the total contact hours for

CTC Student Report (CBM001)

the student.

Distance Education

Institutions should not report non-resident students who are taking only distance education courses delivered outside the state (TAC Title 19, Part 1, Chapter 4, Subchapter P).

Reporting Non-semester-length Developmental Education Interventions

Rider 59 under the THECB appropriation in Senate Bill 1 (81st Legislature) allows institutions to claim formula funding for approved non-semester length developmental education interventions (including course-based, non-course-based, alternative-entry/exit, and other intensive developmental education activities) beginning in fall 2010. Interventions of four or more contact hours may be reported for formula funding. Semester credit hours (SCH) should be included in the appropriate SCH fields. Students enrolled in non-semester length developmental education interventions that begin after the census date should be reported as flexible entry.

As semester credit hours must be reported in whole numbers, the following crosswalk is provided for reporting SCHs in non-semester length developmental education interventions. Institutions should add up all of a student's hours in approved developmental education interventions and then use the crosswalk. For example, while a student who participates in one eight hour intervention in a semester would be reported with 0 SCH, a student who participates in two eight-hour interventions would be reported with 1 SCH.

4 - 8 contact hours = 0 SCH
9 - 24 contact hours = 1 SCH
25 - 40 contact hours = 2 SCH
41 - 56 contact hours = 3 SCH

(Enter 999999 for institutions not having a FICE code.) A transfer is a student entering the reporting institution for the first time but who is

CTC Student Report (CBM001)

known to have previously attended another postsecondary institution at the undergraduate level.

If the student has never attended college or other postsecondary institution, enter a '000001' to indicate a first-time student. Students should not be reported as first-time-entering college until they have completed their high school work. Therefore, include as first-time students those who entered with advanced standing (college credits earned before graduation from high school).

If not applicable, leave blank.

NOTE: The FICE codes in Item #9 are to be entered only the first semester of a student's enrollment after transferring to your institution.

Item #10A Contact Hour Load in Academic Courses, Current Registration (In-District). Enter the number of contact hours attempted in academic courses, including developmental, that are taught in-district if the student is NOT affected by the developmental SCH limit or inter-institutional courses. If the student has exceeded the developmental SCH limit and the developmental contact hours apply to the limit and they are taught in-district, exclude them from this item and report them in Item #30. Exclude contact hours attempted by the student in approved inter-institutional academic courses which are taught in-district and report them in Item #24. Enter one of the following for contact hours not excluded:

1. the number of contact hours in approved academic courses taught in-district for which the student is registered in the current semester, excluding contact hours from any flex-entry academic classes in which the student is enrolled; or
2. the number of contact hours in approved academic courses taught in-district from flex-entry classes for which the student was registered in the prior semester, if this is a record to report such flex-entry enrollments.

Right justify and include a leading zero if necessary, or zero fill.

Item #10B Contact Hour Load in Academic Courses, Current Registration (Out-of-District). Enter the number of contact hours attempted in academic courses, including developmental, that are taught out-of-district if the student is NOT affected by the developmental SCH limit or taking inter-institutional courses. If the student has exceeded the developmental SCH limit and the developmental contact hours apply to the limit and they are taught out-of-district, exclude them from this item and report them in Item #30. Exclude contact hours attempted by the student in approved inter-institutional academic courses which are taught out-of-district and report them in Item #24. Enter one of the following for contact hours not excluded:

1. the number of contact hours in academic courses for which the student is registered in the current semester, excluding contact hours from any flex-entry academic classes in which the student is enrolled; or

CTC Student Report (CBM001)

Right justify and include a leading zero if necessary, or zero fill.

Item #11A Contact Hour Load in Approved Regular Technical Courses, Current Registration (In-District). Enter the number of contact hours attempted by the student in approved technical courses which are taught in-district. Exclude contact hours attempted by the student in approved inter-institutional technical courses which are taught in-district and report them in Item #25. Enter one of the following for contact hours not excluded:

1. the number of contact hours in approved technical courses taught in-district for which the student is registered in the current semester, excluding contact hours from any flex-entry technical classes in which the student is enrolled; or
2. the number of contact hours in approved technical courses taught in-district from flex-entry classes for which the student was registered in the prior semester, if this is a record to report such flex-entry enrollments.

Right justify and include a leading zero if necessary, or zero fill.

Item #11B Contact Hour Load in Approved Regular Technical Courses, Current Registration (Out-of-District). Enter the number of contact hours attempted by the student in approved technical courses which are taught out-of-district. Exclude contact hours attempted by the student in approved inter-institutional technical courses which are taught out-of-district and report them in Item #25. Enter one of the following for contact hours not excluded:

1. the number of contact hours in approved technical courses taught out-of-district for which the student is registered in the current semester, excluding contact hours from any flex-entry technical classes in which the student is enrolled; or
2. the number of contact hours in approved technical courses taught out-of-district from flex-entry classes for which the student was registered in the prior semester, if this is a record to report such flex-entry enrollments.

Right justify and include a leading zero if necessary, or zero fill.

NOTE: The contact hour load of students in academic courses reported on the CBM001 must be within 250 hours of the academic contact hours reported on the CBM004. Similarly, the contact hour load of students in technical courses reported on the CBM001 must be within 250 hours of the contact hours reported on the CBM004.

TSTC and Lamar will code the on-campus contact hours in the In-District fields and off-campus contact hours in the Out-of-District fields.

Item #12 Major Area of Concentration. Enter the 2010 CIP code (Appendix C) of the major area of concentration and the appropriate code in Item #13C for the Type Major. All Technical majors, including Tech-Prep, must match the Coordinating Board approved programs in the Education and Training Clearinghouse Technical Programs Inventory for the institution (district). For an undeclared academic major,

CTC Student Report (CBM001)

a value of '99999999' may be reported. A BAT major should be reported with a CB-approved CIP for your institution.

Item #13 Semester Credit Hour Load in Academic Courses of Students that Are NOT Affected by the Undergraduate SCH Limit. Include the number of semester credit hours attempted in academic courses if the student is NOT affected by the undergraduate SCH limit. Semester credit hours in developmental academic courses are to be excluded from this item, but should be reported in Item #23 or Item #28 as appropriate. Students whose credit hours should be reported here include students who already have a baccalaureate degree from an institution of higher education, students who pay the non-resident tuition rate, and academic students who enrolled as undergraduates in an institution of higher education prior to the 1999 fall semester. Enter one of the following:

1. the number of academic semester credit hours (not affected by undergraduate SCH limit) for which the student is registered in the current semester, excluding credit hours from any flex-entry classes in which the student is enrolled; or
2. the number of academic semester credit hours (not affected by undergraduate SCH limit) from flex-entry classes for which the student was registered in the prior semester, if this is a record to report such flex-entry enrollments.

Right justify and include a leading zero if necessary.

Item #13A Tuition Exemption/Waiver Code. When Item #7 is coded '5' and the student is a resident receiving a Hazlewood exemption (authorized in TEC 54.203), enter the code '01'; otherwise leave blank. When Item #7 is coded 'E' and the student is a nonresident eligible to pay the resident rate due to the state's waiver for members of the military and their families (TEC 54.058), enter '21'; otherwise leave blank.

- 01 Exemption of certain veterans, dependents, etc. of the Armed Forces of the United States from payment of tuition
- 21 Application of resident rather than nonresident tuition to military personnel and dependents

NOTE: These two tuition exemption/waiver codes are important in determining if the students are military or military dependents. They are used in the follow-up system if the student cannot be found in higher education or in the Texas workforce.

Item #13B Remote Campus. Enter '5' if the student is confined in a correctional institution; blank if not. Students attending out-of-district branch campuses recognized by the Coordinating Board as such must be identified. Each out-of-district branch campus will be assigned a unique number within the district. TSTC is required to use this item to identify the students enrolled at their extension centers:

1 Abilene 2 Breckenridge 3 Brownwood

Item #13C Type Major. Enter the code which represents the primary major:

CTC Student Report (CBM001)

- 1 Academic
- 2 Technical
- 3 Tech-Prep

NOTE: The Tech-Prep declared major definition requires that students must declare themselves as specific Tech-Prep majors who have matriculated from a high school Tech-Prep program; course enrollment alone in Tech-Prep courses is not sufficient to identify students as Tech-Prep majors.

A student in a BAT program is to be reported as an academic major.

Item #14 Unused

Item #15 First Name. Enter the student's first name. Truncate if the name contains over 10 characters.

Item #16 Unused

Item #17 Middle Initial. Enter the initial of the student's middle name.

Item #18 Semester. Enter the semester that this report covers. If reporting a combined summer report, use a code of '3'.

1 Fall 2 Spring 3 Summer I 4 Summer II

Item #19 Year. Enter all four digits of the calendar year in which the semester occurs.

YYYY

Item #20 Flexible Entry. Enter a '1' if the record is for a student enrolled in a Flexible Entry (FE) class that is being reported for this semester. Enter a '7' to identify a visiting (displaced) student who has been allowed to enroll in a regular (non-flex) class due to the natural disaster (Hurricane Katrina – expired after Summer 2006); otherwise, continue to code the flex-entry item with a '1' for a visiting (displaced) student who enrolls in a flex-entry class. Leave blank if not.

NOTE: An FE student who is also enrolled in the current semester should have separate entries for each enrollment.

Item #21 Unused

Item #22A Academically Disadvantaged. Enter a '1' or leave blank if not. When reporting academically disadvantaged students, colleges may report students who, based on TASP/THEA or a local placement test, do not have college entry level skills in reading, writing, or math. Colleges should also report students who are enrolled in remedial courses based on the results of TASP/THEA or local placement tests. The Interim Evaluation Report definition may also be applied for students who did not receive a high school diploma nor did not receive a GED certificate.

CTC Student Report (CBM001)

After the semester in which a student successfully completes remediation, the college should no longer report that student as academically disadvantaged. Please note that academically disadvantaged does not include students with learning disabilities.

Item #22B Economically Disadvantaged Family or Individual. Enter a '2' or leave blank if not appropriate. Colleges may use one or more of the following standards to determine whether an individual is economically disadvantaged: 1) annual income at or below the federal poverty line, 2) eligibility for Aid to Families with Dependent Children or other public assistance programs (includes WIC program participants), 3) receipt of a Pell Grant or comparable state program of need-based financial assistance, 4) participation or eligible for JTPA programs included under Title II, and 5) eligible for benefits under the Food Stamp Act of 1977 or the Health and Humans Services (HHS) Poverty Guidelines, 403.114, page 36721 of final Rules and Regulations.

Students should not continue to be reported as economically disadvantaged if their circumstances change and they no longer meet the definition of economically disadvantaged.

Item #22C Individual with Disabilities. Enter a '3' or leave blank if not. The nature of this datum is that it is typically self-reported or reported when a student receives special services through a special populations coordinator or a state program. Students referred to the college by the Texas Rehabilitation Commission for education and training should be reported in this category.

Item #22D Limited English Proficiency (LEP). Enter a '4' or leave blank if not appropriate. Include all students who enroll in LEP courses or who were determined, based on a local placement test, to be Limited English Proficient.

After the semester in which a student successfully completes remediation, the college should no longer report that student as LEP.

Item #22E Programs to Eliminate Gender Bias. Leave blank at this time. Do NOT report this item on the CBM001 now. This item is under further review. In the interim, the Coordinating Board will use both the declared major and gender as reported on the CBM001 to determine programs with more than 75% of one gender in a single technical program (CIP Code).

Item #22F Displaced Homemaker. Enter a '7' or leave blank if not. This may be self-reported data. However, students who receive special federally-funded or state-funded assistance because they are displaced homemakers and students who receive special services through a Perkins Coordinator may be reported in this category.

Students should not continue to be reported as displaced homemakers if their circumstances change and they no longer meet the definition of displaced homemaker.

Item #22G Single Parent. Enter an '8' or leave blank if not appropriate. This may be self-

CTC Student Report (CBM001)

reported data. However, students who receive special federally-funded or state-funded assistance (such as referrals from the Texas Department of Human Services or the Texas Department of Health) because they are single parents may also be reported in this category. Assistance may include child care assistance or child care fee waivers.

Students should not continue to be reported as single parents if their circumstances change and they no longer meet the definition of single parent.

Item #23 Semester Credit Hours - Developmental Education in Excess of State Limit. A community, technical, or state college may not receive funding for developmental course work taken by a student in excess of 27 semester credit hours or the equivalent. There are limits on the nature of courses used for such purposes. For a list of developmental courses see the *Lower Division Academic Course Guide Manual*. For details about funding see CB Rules Chapter 13, Subchapter F, §13.107. Enter one of the following if the student has exceeded the state limit of 27 developmental SCHs funded at your institution:

1. the number of semester credit hours beyond the state limit in developmental education courses for which the student is registered and which exceed the state limit in the current semester, excluding semester credit hours from any flex-entry developmental education classes in which the student is enrolled; or
2. the number of semester credit hours beyond the state limit in developmental education courses from flex-entry classes for which the student was registered in the prior semester, if this is a record to report such flex-entry enrollments.

Right justify and include a leading zero if necessary, or zero fill.

Item #24 Inter-Institutional Academic Contact Hours. Enter the number of inter-institutional contact hours in approved academic courses for which the student is registered in the current semester, or for flexible entry records and exclude them from Items #10A and #10B. An inter-institutional agreement must be on file at the CB. An inter-institutional class is where the class and instructor are provided by another institution and the receiving institution is not allowed to claim the contact hours of their students on the CBM004. See more discussion of inter-institution in the introduction of the CBM004 report. Use leading zeros, or zero fill if appropriate.

Item #25 Inter-Institutional Technical Contact Hours. Enter the number of inter-institutional contact hours in approved technical courses for which the student is registered in the current semester, or for flexible entry records and exclude them from Items #11A and #11B. An inter-institutional agreement must be on file at the CB. An inter-institutional class is where the class and instructor are provided by another institution and the receiving institution is not allowed to claim the contact hours of their students on the CBM004. See more discussion of inter-institution in the introduction of the CBM004 report. Use leading zeros, or zero fill if appropriate.

Item #26 Semester Credit Hours of Student Enrolled in Dual Credit Courses. Enter the number of dual credit hours attempted in which the student receives both high school and college credit. These credit hours should also be reported in Item #13,

CTC Student Report (CBM001)

#27, or #29 as appropriate. Enter one of the following if the student has concurrent semester credit hours at your institution:

1. the number of dual semester credit hours in which the student is registered in the current semester, excluding dual credit hours from any flex-entry classes in which the student is enrolled; or
2. the number of dual semester credit hours from flex-entry classes for which the student was registered in the prior semester, if this is a record to report such flex-entry enrollments. Use leading zeros, or zero fill if appropriate.

CB rules regarding dual credit are found in Chapter 4, Subchapter D at <http://www.thecb.state.tx.us/Rules/>.

Item #27 Semester Credit Hours in Academic Courses Which Are Affected by the Undergraduate SCH Limit. Include the number of semester credit hours attempted by students in academic courses that apply to the current associate or baccalaureate degree at an institution of higher education and from which the college receives state funding. Do not include academic semester credit hours if the student pays the non-resident tuition rate or has already received a baccalaureate degree. This item applies only to students who initially enroll as undergraduates in an institution of higher education in the 1999 fall semester or in a subsequent term. Enter one of the following:

1. the number of semester credit hours in academic courses for which the student is registered in the current semester, excluding credit hours from any flex-entry academic classes in which the student is enrolled; or
2. the number of semester credit hours in academic courses from flex-entry classes for which the student was registered in the prior semester, if this is a record to report such flex-entry enrollments. Use leading zeros, or zero fill if appropriate.

NOTE: The academic semester credit hours which apply to the undergraduate limit reported on the CBM001 must be within 100 hours of the total semester credit hours reported on the CBM004 of students who are affected by the undergraduate limit.

Item #28 Semester Credit Hours in Developmental Education Courses. Include all semester credit hours in developmental education courses attempted by a student at your institution during the term reported, except the credit hours in developmental education courses in which the student exceeds the state funding limit and that are to be reported in Item #23. Enter one of the following for semester credit hours not excluded:

1. the number of semester credit hours in developmental education courses for which the student is registered in the current semester, excluding credit hours from any flex-entry developmental education classes in which the student is enrolled; or
2. the number of semester credit hours in developmental education courses from flex-entry classes for which the student was registered in the prior semester, if

CTC Student Report (CBM001)

this is a record to report such flex-entry enrollments. Use leading zeros, or zero fill if appropriate.

- Item #29 Total Semester Credit Hours in Technical Courses. Include the total number of semester credit hours attempted in technical courses. Enter one of the following:
1. the number of semester credit hours in technical courses for which the student is registered in the current semester, excluding credit hours from any flex-entry technical classes in which the student is enrolled; or
 2. the number of semester credit hours in technical courses from flex-entry classes for which the student was registered in the prior semester, if this is a record to report such flex-entry enrollments. Use leading zeros, or zero fill if appropriate.

- Item #30 Contact Hours - Developmental Education in Excess of State Limit. A community, technical, or state college may not receive funding for developmental coursework taken by a student in excess of 27 semester credit hours or the equivalent. There are limits on the nature of courses used for such purposes. For a list of developmental courses see the *Lower Division Academic Course Guide Manual*. For details about funding see CB Rules Chapter 13, Subchapter F, §13.107. Enter one of the following if the student has exceeded the state limit of 27 developmental SCHs funded at your institution:
1. the number of contact hours beyond the state limit in developmental education courses for which the student is registered and which exceed the state limit in the current semester, excluding contact hours from any flex-entry developmental education classes in which the student is enrolled; or
 2. the number of contact hours beyond the state limit in developmental education courses from flex-entry classes for which the student was registered in the prior semester, if this is a record to report such flex-entry enrollments.

Right justify and include a leading zero if necessary, or zero fill.

- Item #31 Student Intent. Enter the code that reflects the primary reason the student is attending classes at your college. Beginning in Fall 2001 the datum MUST be student-declared. If the student fails to identify an intent, a "Did Not Respond" option (code 6) may be reported.

- 1 Earn an associate's degree (2 year)
- 2 Earn a certificate (less than 2 years)
- 3 Earn credits for transfer
- 4 Courses to:
 - get a new or better job
 - improve skills for current job
- 5 Courses for personal enrichment
- 6 Did not respond
- 7 Earn a Bachelor of Applied Technology (BAT) degree

- Item #32 Non-Disclosure. Enter a '2' to indicate that the individual student has notified the

CTC Student Report (CBM001)

institution of his/her refusal to have “directory information” disclosed; else zero fill.

Item #33 Contact Hours Technical – Not State Funded. Enter the number of contact hours attempted by the student in approved technical courses which are NOT allowed to be reported for state funding.

Right justify and include a leading zero if necessary, or zero fill.

Item #34 Contact Hours Academic – Not State Funded. Enter the number of contact hours attempted by the student in approved academic courses which are NOT allowed to be reported for state funding. Excessive contact hours in developmental courses should be reported in Item #30.

Right justify and include a leading zero if necessary, or zero fill.

Item #35 Semester Credit Hours Technical – Not State Funded. Enter the number of semester credit hours attempted by the student in approved technical courses which are NOT allowed to be reported for state funding.

Right justify and include a leading zero if necessary, or zero fill.

Item #36 Semester Credit Hours Academic – Not State Funded. Enter the number of semester credit hours attempted by the student in approved academic courses which are NOT allowed to be reported for state funding. Excessive semester credit hours in developmental courses should be reported in Item #23, whether affected by the undergraduate limit or not. Right justify and include a leading zero if necessary, or zero fill.

Item #37 Last Name. Enter the student's last name. Truncate if the name contains over 20 characters.

Item #38 Restricted Program Admission. The Coordinating Board uses restricted admission codes to distinguish students who have a declared major in a particular discipline from those who are actually admitted to a certificate or degree program through a restricted or separate admission process. The distinction provides more accurate enrollment and graduation numbers in key, high-demand occupations and the data are often linked to special legislative initiatives.

To ensure accuracy of the number of students in these programs, enter the appropriate code for each student who is admitted to and continuing his/her enrollment in a certificate or degree program in the following areas or CIP codes. Leave blank if not.

- 06 Nursing (51.3801) Allied Health to ADN
- 07 Vocational Nursing (51.3901)
- 08 Nursing (51.3801) LVN to ADN
- 09 Nursing (51.3801) Paramedic to ADN
- 11 Nursing (51.3801) Initial RN licensure, associate degree program

CTC Student Report (CBM001)

Definitions:

The Restricted Program Admission codes for Nursing are needed in the calculation of graduation rates (Education Code 61.0901) and for the distribution of funds under the Nursing Shortage Reduction Program (Education Code 61.9623).

- 06 Nursing (51.3801) Allied Health to ADN – A student admitted to and continuing his/her enrollment in an approved ADN nursing program who already possesses a certificate or degree in an allied health discipline other than as a paramedic. For the Board's purpose of counting graduates and calculating completion rates, this program is considered a one-year program.
- 08 Nursing (51.3801) LVN to ADN – A student admitted to and continuing his/her enrollment in an approved ADN nursing program who already possesses a certificate as a licensed practical or vocational nurse. For the Board's purpose of counting graduates and calculating completion rates, this program is considered a one-year program.

SUMMARY OF STUDENT DATA METHODOLOGY

1. **TOTAL HEADCOUNT** – Total headcount is a summation of all CBM001 records, excluding flexible entry records, which are displayed separately. The total headcount is categorized by gender, classification, student intent, age, tuition status, residence, ethnic origin, restricted program admission, first-time students, majors, concurrent enrollment in high school, special populations, non-disclosure, and flexible entry.
2. **AGE** – Each student’s age, for the purpose of the summary report, is calculated by comparing each student’s date of birth to the beginning date of the semester. For this purpose, the beginning date of each semester is:
Fall - September 1; Spring - January 1; Summer - June 1
4. **CONTACT HOURS (Academic)** – The in-district (Item #10A) and out-of-district (Item #10B) contact hours are summed to produce academic contact hours in-district and out-of-district. A separate total is provided for all flexible entry contact hours in academic courses. Inter-institutional academic contact hours (Item #24) are summed. Not state funded academic contact hours (Item #34) are summed.
5. **CONTACT HOURS (Technical)** – The in-district (Item #11A) and out-of-district (Item #11B) contact hours are summed to produce regular technical contact hours in-district and out-of-district. A separate total is provided for all flexible entry contact hours in regular technical courses. Inter-institutional technical contact hours (Item #25) are summed. Not state funded technical contact hours (Item #33) are summed.
6. **SEMESTER CREDIT HOURS** – Item #13, Semester Credit Hours, is summed to get the Academic Semester Credit Hours Unaffected by the undergraduate limit; Flexible Entry semester credit hours are summed in a separate column. Item #27, Academic Semester Credit Hours, is summed to get the Academic Semester Credit Hours Affected by the undergraduate limit; a separate total is provided for Flexible Entry semester credit hours. Item #28, Developmental Semester Credit Hours, is summed; a separate total is provided for Flexible Entry semester credit hours. Item #29, Technical Semester Credit Hours, is summed; a separate total is provided for Flexible Entry semester credit hours. Item #36, Academic Semester Credit Hours Not State Funded, is summed. Item #35, Technical Semester Credit Hours Not State Funded, is summed. For classes where the credit hours are generated by third and fourth year BA students, the credit hours will be summed and put in the BA column.
7. **MAJORS** – Item #12 summarizes the “Declared Majors” as follows:
Academic Declared Majors – Type major equal ‘1’
Academic Undeclared – ‘24999999’ or ‘99999999’; type major equal ‘1’
Technical Declared Majors – Type major equal ‘2’
Tech-Prep Declared Majors – Type major equal ‘3’

NOTE: Records which have any items in error (invalid amounts) are not included in any of the summary values.

Note: The standard Summary Report is compared to the previous year to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the absolute value of the difference between the current year and prior year item

- 1) is less than 50, a Review message is not printed.
- 2) is between 50 and 10,000, a percentage change greater than 25% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 20% is identified.
- 4) is greater than 100,000, a percentage change greater than 10% is identified.

If the original report had only one column the comparison data is in adjacent column.
 If the original report had multiple columns the comparison data is in the next row and asterisks are printed below the column in question.

TEXAS SUCCESS INITIATIVE REPORT (as of 4/17/09)
CBM002

Reporting requirements for the Texas Success Initiative (TSI) were reviewed and revised in 2008. Resulting changes are reflected in the reporting instructions included in this manual, effective beginning in the spring 2009 semester. Coordinating Board rules relating to TSI remain unchanged. These rules can be found in Chapter 4, Subchapter C at <http://www.thecb.state.tx.us/Rules/>.

The revised CBM002 is designed to serve several purposes, including providing useful data for TSI evaluation. This report will supply more specific information about developmental education coursework than was available on previous reports. As in the past, some general information about all undergraduates is also collected, such as undergraduate GPA and performance in first college-level courses in TSI-related subject areas.

This report must be submitted by all Texas public higher education institutions. All undergraduate students attempting credit hours are required to be reported as well as any other students specified by TSI requirements, including transfer students who are registered for one or more Coordinating Board approved courses during the reporting period. Institutions should include students in credit certificate programs, but exclude students in continuing education programs. Students who withdraw prior to or on the official census date are not included.

Every undergraduate student reported on the CBM001 needs to be on the CBM002. Flex students should be reported on the CBM002 in the semester in which the flex course(s) are reported on the CBM001. If a student is also taking non-flex courses in that semester, the student must be reported twice on the CBM001 and twice on the CBM002. For example, if a student takes a flex course from November to December and another from December to January, these hours are reported on a CBM001 and a CBM002 report for the student in the spring semester. If the student also takes regular semester credit hours in the spring (whether developmental education or college-level) those hours are reported as a separate record on CBM001 and CBM002 reports for the same spring semester.

Some students may be reported on the CBM002 who are not on the CBM001. For example, a student who receives an incomplete in a course may be reported again on the CBM002 for the semester that the student actually completed the course, but not on the CBM001 since the student had already been reported for that course in a prior semester.

The report incorporates information known about students as of the end of the semester; however, some items request information about a student's status at the beginning of the semester or on the census date. For flex courses reported in a later semester (courses that begin after the census date or end after the semester concludes), report the students' status at the beginning of the first/earliest flex course taken (see "Reporting Period Definitions" and "Flexible Entry" on page 2.9 for more information).

The reporting institution must submit a CBM002 record for each undergraduate for each semester the student attends the institution. All fields must be completed; however, options for indicating that information was previously reported, reported by another institution, or not applicable are available for many items. This should reduce repetition across reporting periods.

CTC Texas Success Initiative Report (CBM002)

For new students coming into the system, it is important that institutions provide all requested information that has not otherwise been reported to ensure that students' status and progress can be evaluated. For students who have been reported on a previous CBM002, if additional information requested on the report is not readily available for a student, use the previously reported or not applicable responses as appropriate.

Exemptions

There are several types of TSI exemptions. Some are blanket exemptions which exempt students from TSI requirements in all sections (math, reading, and writing). This includes students with the requisite military service (honorably discharged, retired, or released) or students with an earned associate or baccalaureate degree. Others provide exemption on a section by section basis. This includes students taking ACT/SAT/TAKS tests and students who have completed college-level courses, such as transfer students. For these exemptions, students may be excused from one, two, or all TSI sections depending on test performance (ACT, SAT, TAKS) or the determination of the receiving institution. When qualifying test scores are achieved on more than one test, the reporting institution may choose which scores to report.

- **Earned degrees:** A student who has graduated with an associate or baccalaureate degree from an accredited institution of higher education.
- **ACT/SAT/ TAKS:** A student who meets the exemption standards and whose ACT, SAT, or TAKS scores are active (have not expired). Appropriate ACT and SAT test scores are valid for exemption purposes for exactly five years from the qualifying test date. Exit Level TAKS scores are valid for exactly three years.

ACT, SAT, and TAKS exemption standards are:

- **ACT:** For active tests, a composite score of 23 with a minimum of 19 on the English and/or the mathematics tests shall exempt a student for the corresponding section(s).
 - **SAT:** For active tests, a combined critical reading (verbal) and mathematics score of 1070 with a minimum of 500 on the critical reading test and/or the mathematics tests shall exempt a student for the corresponding section(s). For the new SAT tests that include a writing component, ignore the writing section when evaluating a SAT exemption until the Coordinating Board approves the passing standard for writing.
 - **TAKS (Eleventh Grade Exit Level):** A minimum scale score of 2200 on the math section and/or a minimum scale score of 2200 on the English Language Arts section with a writing subsection score of at least 3 shall exempt a student from the corresponding section(s).
- **AP and IB Scores/Dual Credit Grades:** A student who has satisfactorily completed college-level coursework in a related field using AP scores, IB scores, or dual credit grades, as determined by the receiving institution.
 - **Transfers:** A student who transfers to a Texas public institution of higher education

CTC Texas Success Initiative Report (CBM002)

from a private or independent institution of higher education or an accredited out-of-state institution of higher education and who has satisfactorily completed college-level coursework, as determined by the receiving institution.

- Military: A student who:
 - on or after August 1, 1990 was honorably discharged, retired, or released from (a) active-duty as a member of the armed forces of the United States or the Texas National Guard or (b) service as a member of a reserve component of the armed forces of the United States.
- Previous TASP exemptions should only be used for exemptions granted prior to September 1, 2003 for:
 - grand-fathering - any student with at least three college-level semester credit hours or the equivalent from an accredited institution accumulated prior to the fall semester 1989;
 - deaf students who have three or more college-level hours or the equivalent from an accredited institution prior to September 1, 1995;
 - high school graduates with 3.5 or above GPA in Recommended or Advanced Curriculum (effective from September 1, 2001 to August 31, 2003); or
 - students who completed TASP obligation via provision TEC 51.306(u), dyslexia, and other related disorders (effective from September 1, 1995 to August 31, 2003).

Waivers

“Waiver” is a term that is used for TSI reporting purposes. The term applies to selected categories which are termed “exemptions/exceptions” in the TSI rules and apply to a student during the semester for which the report is being submitted, but might not apply to that student in a later semester. For the purposes of reporting, the term waiver is also used for dual credit students who have not met TSI obligations but have permission to take dual credit courses under dual credit rules. Students with a waiver should be reported as “0” (no, not satisfied or obligation is waived) on items #20, #40, and #60, and the waiver status should be reported in items #21A, #41A, and #61A as ‘6’ or ‘7’ for every reporting period that the waiver applies. If a student in a waiver category has satisfied or permanently exempted TSI standards, the institution should report the student as having satisfied or exempted TSI standards using the appropriate codes.

Most waivers apply to all sections of TSI (math, reading, and writing). However, the dual credit waiver allows current dual credit students to use eligible test results to waive TSI requirements for corresponding sections. Students who have met TSI obligations/exemption standards for all areas in which they are currently taking dual credit courses should be reported as ‘0’ on item #12, and the qualifying exemptions/met obligations scores should be reported for the appropriate subject area(s). Students who have met dual credit waiver requirements but have not met TSI obligations should be reported as ‘2’ under item #12, with subject area waiver

CTC Texas Success Initiative Report (CBM002)

information provided in items #21A, #41A, and #61A, as applicable.

When TSI-related test or course information is available for students who have been granted a waiver, institutions should report this information on the CBM002. However, there is one exception to this rule. If a dual credit student in grade 11 or lower is administered a placement test and does *not* meet the TSI standard, the institution should *not* report the student's TSI placement score/s, but rather report '0' in items #22A, #42A, and/or #62A. Initial scores used for TSI placement should be reported the first time the student meets the standard, or after the student has completed grade 11 or higher.

Students may be reported as waived from the TSI requirements under the following circumstances:

➤ Non-degree-seeking or non-certificate-seeking students:

An institution of higher education *may* waive the requirements of the TSI for non-degree-seeking or non-certificate-seeking students.

➤ Certificate programs of one year or less:

TSI requirements *do not apply* to students in Level-One certificate programs. Level-One certificates consist of at least 15 but no more than 42 semester credit hours (23-63 quarter hours) designed to be completed in one year or less.

➤ Military:

TSI requirements *do not apply* to a student who:

- is serving on active-duty as a member of the armed forces of the United States or the Texas National Guard;
- is serving as a member of a reserve component of the armed forces of the United States and has been serving for at least the three-year period preceding enrollment; or

➤ Dual credit enrollment via approved score (waiver for *current* dual credit students):

- Eligibility for students to take academic dual credit courses during their junior and senior years is established if the student receives a minimum scale score of 2200 on the math section and/or a minimum scale score of 2200 on the English Language Arts section with a writing subsection score of at least 3 on the tenth grade Texas Assessment of Knowledge and Skills (TAKS) test. PSAT/ NMSQT and PLAN tests can also be used to establish eligibility for high school students to take academic dual credit courses during the junior year (see dual credit rules for score requirements).
- A high school student is eligible to enroll in workforce education dual credit courses in the eleventh and/or twelfth grade if the student demonstrates that he or she has achieved the minimum high school passing standard on the

CTC Texas Success Initiative Report (CBM002)

Mathematics section and/or the English Language Arts section on the tenth or eleventh grade TAKS.

- A student who is granted a TSI waiver to take dual credit courses while still in high school based on eligible scores is not exempt from TSI. However, if the student receives an A, B, or C in an applicable dual credit course, the receiving higher education institution may determine that TSI obligations have been met.

Other provisions also apply to dual credit students.

For more information, see [Dual Credit Overview](#). The Coordinating Board rules that apply to dual credit requirements can be found in Chapter 4, Subchapter D, Section 4.85 at <http://www.theccb.state.tx.us/Rules/>.

Criteria for Meeting TSI Requirements

An institution may require higher performance standards for students than those established for TSI. Such students should be reported as having satisfied TSI obligations if TSI standards are met. All students attempting developmental education courses, regardless of TSI status, must be reported on the CBM002 in the *Developmental Education Courses Attempted* section for the semester in which they are enrolled in developmental education. Remember that scores from the testing attempt used for placement purposes when a student is first enrolled are reported on the CBM002 (scores for students who test before grade12 should not be reported unless they meet TSI standards).

Requirements for meeting TSI obligation:

- THEA/TASP: Math - 230; Reading - 230; Writing - 220. The TASP Passing Standards are 220 for all test sections prior to September 1, 1995.
- ASSET: Elementary Algebra - 38; Reading Skills - 41; Written Essay - 6 (raw score); Writing Skills (objective) - 40
- COMPASS: Algebra - 39; Reading Skills - 81; Written Essay - 6 (raw score); Writing Skills (objective) - 59
- MAPS: Elementary Algebra - 613; Reading Comprehension - 114; Written Essay - 6 (raw score); Conventions of Written English - 310
- ACCUPLACER: Elementary Algebra - 63; Reading Comprehension - 78; Written Essay - 6 (raw score); Sentence Skills - 80
- The passing standard for the written essay portion of all tests is a score of 6 (raw score). However, if the student meets the objective writing test standard, an essay score of 5 will pass. Report both scores on the CBM002 where indicated.

For a student that does not meet the minimum scores required to meet TSI obligations on the initial attempt of an approved test used for placement, an institution shall determine when the student is ready to perform freshman-level academic coursework on an individual basis

CTC Texas Success Initiative Report (CBM002)

according to the needs of the student. As indicators of readiness, institutions shall consider as appropriate:

- Performance in developmental education
- Performance in appropriate non-developmental coursework
- Performance on an approved TSI assessment instrument or performance on an institutionally selected assessment
- Other indicators of readiness as determined by the institution

General Criteria about Test Attempts Used for Placement

THECB wants to know the status of your student at the time of placement when the student initially entered your institution before any instruction. If a student's exemption status, test scores, or other indicator of TSI status were reported in a prior semester by your institution or another Texas public institution of higher education, use the previously reported or non-applicable category for related items. For example, if a student transferring from one Texas public institution to another was determined by the initial institution to have met TSI obligations in math, the receiving institution should report the student on item #20 as having met TSI obligation at another institution and then report 'previously reported or not applicable' in items #21A and #22A. If the same student had not met the obligation for reading at the first institution, the receiving institution should report 'no, not satisfied or obligation is waived' on item #40, 'no, no exemption or waiver granted' on #41A, and "not applicable" on item #42A, provided the initial assessment results were previously reported by the other institution. Scores for a high school student who tests before grade 12 should only be reported if the student meets TSI standards.

Developmental Education Courses and Other Interventions

For purposes of this report, course-based developmental education occurs when the developmental courses being taught are on your Coordinating Board approved course inventory for funding purposes. Developmental education that is not course-based includes all other interventions that are included in the reporting institution's developmental education plan. Non-course based developmental education should be reported on the CBM002 on items #23, #43, #63. If a student meets TSI obligations during a semester as the result of interventions that are not included in the reporting institution's developmental education plan, or as a result of any developmental education activities at another institution, the student should be reported on items #24, #44, and #64 as option #1.

Relationship between Plans and Reporting

The Texas Success Initiative gives institutions flexibility in designing programs to help under-prepared students be successful. As a result, institutions have plans that differ in the details, but have the same overarching goal: to help under-prepared students be successful in college. The flexibility of the TSI system allows institutions to be innovative in planning activities in response to individual and institutional student needs. However, this flexibility adds complexity to the reporting process. The reporting system has to be global enough to capture variety across programs, yet structured enough to capture the essential elements of student

CTC Texas Success Initiative Report (CBM002)

learning and allow for comparison of programs and results from year to year and institution to institution.

This revised reporting system is meant to capture important elements of student progress and institutional activities. The data and resulting reports are designed to allow institutional researchers to find the strengths and weaknesses of particular programs and allow the state to determine if the Texas Success Initiative is meeting the statewide goal of helping underprepared students be successful. As in the past, the data collected will allow the CB to create a summary report that reflects the activities taking place on campuses statewide to assist students in becoming college ready, and allows the Board to answer questions from stakeholders about the effectiveness of the programs. After all CBM002 reports for a fiscal year have been received and processed, the Coordinating Board will publish the student performance data for independent school districts and public higher education institutions.

Authority

The information reported on the CBM002 will be used to fulfill the requirements of Texas Education Code 51.3062 that “(n) Each institution of higher education shall report annually to the board on the success of its students and the effectiveness of its Success Initiative,” and “(o) The board shall evaluate the effectiveness of the Success Initiative on a statewide basis and with respect to each institution of higher education.” The data will also be used for accountability system measures which address developmental education. Other reports and data analysis above and beyond the requirements of the law may be generated in order to help institutions analyze and improve their programs based on information from the CBM002 and an analysis of the institutional Texas Success Initiative plans.

Reporting Developmental Education Coursework

Although many developmental education courses are full-semester courses, some institutions offer accelerated programs that allow students to progress through two or more developmental education courses in one reporting period. While most of the items in the revised CBM002 are organized by TSI section, items requesting developmental coursework information are grouped at the end of the report to allow room for expansion, if needed. This report allows room for four developmental courses per TSI section per semester.

If a student is enrolled at more than one institution during a semester, only the institution where the student is taking developmental education is required to report the courses attempted. Only courses attempted in the current semester should be reported. Otherwise ‘0’ should be selected for not applicable or not attempted. Institutions should always report developmental education courses in the order they are attempted, even if the student begins in a higher-level course and is moved to a lower course level for a subsequent course. It is not necessary to report courses taken at other institutions, or to report interventions that are not course-based (report non-course based developmental education in items #23, #43, and #63).

Every student who attempts developmental education courses during the semester must be reported in this section, even if the student has met TSI obligations. This includes students who choose to take developmental education coursework or are placed in a class by the reporting institution. The one exception to this rule is high school students taking developmental education. These students should not be reported (see TAC 9.146 for more information).

Reporting First College Level Coursework for TSI-Related Subject Areas

Collecting records of students' participation and performance in introductory-level, college-level courses is an important function of the TSI reporting system. Success in a first college-level course in a related subject area signals that a student has gained the necessary knowledge and skills to be successful in college-level courses in that subject area.

For items included in the first college-level course sections, only one course is reported per student. If the student is taking more than one course that qualifies, the institution will choose which one to include. For students who are enrolled in more than one institution (such as enrolled full-time at a four-year college and completing community college courses in the summer), if the student has met TSI obligations, and the course being attempted is generally considered an entry-level course, it should be reported. However, if a transcript has been provided that indicates successful completion of an entry-level course at another institution, the course at your institution does not need to be reported.

In the case of a transfer student from an accredited Texas public institution or from an accredited private or out-of state institution, if the receiving institution determines that the student has successfully completed a related, introductory college-level course with an A, B, or C, the institution will report a '2' for completed at another institution for items #30, #50, and #70 (as applicable), report a '2' (no) in items #31, #51, and #71, and report '0' (not applicable) for grades earned in items # 33,#53, and #73. In the next reporting period, items #31, #51, and #71 should be reported with a '0' (previously reported as meeting requirement).

Reporting Period Definitions

When the term Census Date is used in the report, the term refers to the 12th class day of the fall and spring semesters. However, term lengths can vary. Therefore, the following official schedule will be used to determine the official census date for terms of various lengths:

<u>Length of Term in Weeks</u>	<u>Official Census Date is Class Day #</u>
2 or less	1
3	2
4	3
5 - 6	4
7	5
8	6
9 - 10	7
11	8
12	9
13 - 14	10
15	11
16 or more	12

The count of class days begins on the first day that classes are held in the term and includes each calendar day on which classes are normally held at the institution (e.g., Monday through

CTC Texas Success Initiative Report (CBM002)

Friday) until the official census date is reached. The official census day must be on a day that the Registrar's office is scheduled to be open so that a student will be able to drop or withdraw from class.

Flexible Entry

Classes whose census date is after the official census date of the regular term are known as "Flexible Entry" classes. Enrollments in flexible entry classes must be included in the data submitted in the semester following. These students must be reported on the CBM002 in the semester in which the flex course enrollments are reported on the CBM001. These students should be identified by coding Item #13, Flexible Entry, with a '1'. As noted previously, if a student is also taking non-flex courses in a semester in which a flex entry course is being reported, the student must be reported on a separate CBM001 and CBM002 record for the non-flex course (see example on page one of the introduction).

Clarification of Texas Public Institutions of Higher Education

For the purposes of clarity, the term Texas public institution of higher education is used to refer specifically to public colleges and universities in the state when the item refers to another institution than the one reporting. Institution is used to refer to any accredited institution, public or private. In the many instances where the report is clearly referring to the institution which is reporting, the term "institution" or "receiving institution" is used without additional specification.

Clarifications on Data Pertaining to Dual Credit Students

There are several places in the CBM002 that dual credit students are addressed. This section provides additional clarification for how to report dual credit students.

Transfer students are exempt from TSI if the receiving institution makes the determination that the student has satisfactorily completed college-level coursework in the relevant TSI areas. Exemptions for students who have completed dual credit courses work the same way. A receiving institution may determine that a student who has satisfactorily completed college-level coursework through dual credit has met TSI requirements for the relevant subject areas. This exemption is reported as '5' in items #21A, #41A, #61A. Note that a student must receive a C or better in the dual credit course for the receiving institution to make this determination. For reporting purposes, this exemption should not be used if the student has exempted/ met TSI obligations through testing and test results are available.

When a high school student is enrolled in a college-level course that the institution determines to be the first college-level math, reading, or writing course, the institution should report the course-taking attempt(s) on items #31 to #33, #51 to #53 and #71 to #73, as applicable. The next semester in which the student is enrolled, items #30, #50, and #70 should be answered with option '3' if the student received a C or better in the course or a '0' (not satisfied) if the student did not receive a C or better (and has not met this requirement through other means). For a dual credit course taken at another Texas public institution in a previous reporting period, select '2' on items #30, #50, and #70 if the student received a C or better in the course.

CTC Texas Success Initiative Report (CBM002)

Reporting Non-semester-length Developmental Education Interventions

Rider 59 under the THECB appropriation in Senate Bill 1 (81st Legislature) allows institutions to claim formula funding for approved non-semester length developmental education interventions (including course-based, non-course-based, alternative-entry/exit, and other intensive developmental education activities) beginning in fall 2010. Interventions of four or more contact hours may be reported for formula funding. Semester credit hours (SCH) should be included in the appropriate SCH fields. Students enrolled in non-semester length developmental education interventions that begin after the census date should be reported as flexible entry.

As semester credit hours must be reported in whole numbers on the CBM002, the following crosswalk is provided as a guideline for reporting SCHs in non-semester length developmental education interventions. SCHs for students in developmental education courses are reported in items #80 through item #91.

4 - 8 contact hours = 0 SCH
9 - 24 contact hours = 1 SCH
25 - 40 contact hours = 2 SCH
41 - 56 contact hours = 3 SCH

If a student has attempted more than four developmental education courses and/or interventions in a subject area during a semester, report traditional courses first and then as many non-semester length interventions as space allows. Do not report interventions which you have assigned 0 SCH in items #81 to #91; reporting 0 SCH may trigger an error if other course information is provided.

Students in non-semester-length developmental education interventions which are not reportable in items #80 through #91 for the reasons outlined in the paragraph above should be reported on items #23, #43, and/or #63 as completing non-course-based developmental education during the semester.

Community Colleges may report SCHs in quarter hour increments on the CBM004 for funding purposes (see page 4.5). Semester credit hours attempted in non-course based developmental education must also be reported on the CBM001 (see page 1.3 for more information).

INSTRUCTIONS FOR TSI REPORT

Please note that in cases where specific test scores related to TSI exemption and placement are required, if a student has been reported on the previous CBM002 version as having met TSI and specific scores are not readily available, institutions may select the “previously reported” response.

STUDENT DEMOGRAPHICS SECTION: All items in this section must be provided every reporting period. Every **undergraduate** student reported on the CBM001 needs to be on the CBM002. Some students may be reported on the CBM002 who are not on the CBM001. For example, a student who receives an incomplete in a course should be reported again on the CBM002 for the semester that the student actually completed the course, but not on the CBM001 for that course for that semester. Flex students should be reported on the CBM002 in the semester in which they are reported on the CBM001. For additional information on reporting flex students see pages 2.1 and 2.9.

FIRST COLLEGE-LEVEL WRITING COURSE SECTION:

Item #70 Credit for First College-Level Writing-Intensive Course in a Previous Reporting Period. Has the student previously successfully completed college-level writing-intensive course with A, B, or C? Report credit earned through AP, IB, dual credit, and credit by exam as '3'. (See page 2.8 for information about reporting transfer students.)

- 0 No, not satisfied
- 1 Yes, at my institution (previously reported)
- 2 Yes, at another institution
- 3 Yes, credit otherwise awarded at this institution (e.g., AP, IB, dual credit with a C or better, credit by exam)

The items below (#71-#73) address the student's attempts at your institution in the first writing-intensive component course(s) of the general education core curriculum during the reporting period. This information is collected for an accountability system success measure related to developmental education. Only a letter grade of A, B, or C will satisfy the accountability requirement; a "pass" grade in a pass/fail course will not satisfy the college-level course requirement. If student is taking more than one course that fits this description, the institution will decide which one to report.

REPORTING EXAMPLES

Items #1 through #11, #14, and #15 will be entered each time. There is one example which includes a flex course situation (numbers 4a and b), otherwise item #13 is not included.

- 1a. In spring 2009, a student enrolled as a first-time undergraduate. The student was tested for placement purposes upon enrollment and did not meet TSI standards on the Math section of the THEA test, but passed the other subject-area sections. The student enrolled in a developmental math course (3 SCHs) that covers beginning algebra and received a C; the student has not yet satisfied the institution's math requirements for TSI. The student also enrolled in History 1XXX* and earned a 'B' (this course was determined by institution to be the student's first college-level reading course) and in English 1XXX* and earned a 'C' (determined to be the first college-level writing course).

- 2a. An 11th grade high school student enrolled in an introductory sociology course based on grade 10 Exit Level English Language Arts (ELA) TAKS scores that met the dual credit requirements. The institution considers the course a first college-level reading course. Note that the item 21A and 61A are coded '0' because the dual credit waiver is only reported for the related subject area. Grade 10 TAKS scores should NOT be reported.

- 2b. The same student above enrolled a year later as a first time undergraduate student at a Texas public university. The student is TSI exempt for math based on Exit Level TAKS results but not for ELA. The student took math. The student also took dual credit sociology at another Texas public institution in a previous semester (see above). The student did not meet the state standard on the Accuplacer objective and written tests for writing when tested for placement. The student was assigned to tutoring (non-course based) and met the standard.

*Item 44 in 2a could also be answered with a "1" if the first institution determines that performance in the dual credit course meets TSI standards. If so, then in example 2b the student could be reported with a "2" in item #40 and a "0" in item #41. Either pattern is fine, depending on school policy and/or how much information is available to the receiving institution.

3. A student who qualified as a transfer from a private institution was determined by the receiving institution to have satisfactorily completed college-level coursework in reading and writing and had TSI eligible SAT scores for math exemption. The student received transfer credit for core-equivalent courses in reading and writing (for which the student received an "A," "B," or "C"). The student attempted a core math course and earned a "B."

- 4a. In fall 2009, an incoming student was tested using COMPASS and did not meet TSI requirements for any subject areas at the time of initial placement. The institution has five levels of math developmental education and the student completed two courses at the first level and one course at the second level. The student did not enroll in course-based or non-course based developmental reading. Instead, the student re-tested on COMPASS mid-semester and met the standard. The student took a flex writing developmental education course that started in November and ended in January. The student was determined to have met the standard upon successful completion of that writing course. The flex course is reported in example 4b below (not in example 4a).

5a. A recent high school graduate with a waiver for active military duty submitted a transcript showing an eligible TSI exemption score for the Exit Level TAKS in math, but not for the Exit Level ELA TAKS. The institution decided to test the student for local placement purposes and recommended the student take a developmental writing course. The student took a psychology course, which the institution determined is a course that meets the requirement for first college-level reading course. The student also took a core math course which was determined to meet the requirements for first college-level math course.

CLASS REPORT CBM004

Reporting for State Reimbursement

Class enrollments will be reported on the CBM004 for all students enrolled at the reporting institution in Coordinating Board approved (Academic and Technical) courses (for which semester credit hours are awarded). Exclude students who audit a course. Enrollment shall be reported as of the official census date. The official census dates are the twelfth class day of the Fall and Spring semesters and the fourth class day of each summer session. The census date for classes which meet other than sixteen weeks are defined in a schedule in the introductory section of the CBM001 called Official Reporting Date. On or before the official census date, each student eligible for inclusion shall have paid in full the amount set as tuition by the respective governing board (or, where applicable, have valid accounts receivable on record). Students who withdraw from a class on or before the census date will not be included in this report. Students are allowed to pay their tuition and fees in installments. Such students are required to have a fully operational installment contract by the payment due date (census date) to be in good standing. This includes receipt of a first installment payment prior to the beginning of the semester.

A rider in the Appropriations Bill (78th Legislature) states that there is a limitation on formula funding of contact and semester credit hours. It excludes contact hours or semester credit hours related to a course for which a student is generating formula funding for the third time from being counted in the hours reported by the Coordinating Board to the Legislative Budget Board for formula funding. A link to the guidelines that allow exceptions is listed on page 4.5.

Contact hours of students should be allowed for state funding when the circumstances make it impractical to pre-register the students before the class meets, and the first opportunity to post the information about the students in the class is the first work day after the holiday or weekend. For instance, a one-day training event is scheduled for a Saturday, but advance registration is not possible. The census date for the training will be the date of the training. Admission/Registration forms are completed, signed, and dated for each student on the day of the class. The college's business office is not open on Saturday, however, so events can not be entered into the automated system. On Monday, the first business day after the training event, the registrations are processed and recorded into the automated system.

Funding for Physical Education Courses: A rider in the appropriations bill states that no funds appropriated under this act shall be used for contact hours or semester credit hours for students who are registered solely for physical education, weight lifting, group exercises, aerobics, or related courses; have registered for the same such course more than once; and are not seeking a degree plan or certificate of completion of a course of study.

A Fall or Spring semester shall normally include at least 15 weeks for instruction and one week for final examinations, or a total of 16 weeks of instruction and examination combined. Each of the two summer terms shall include no less than 5 1/2 calendar weeks, including registration, instruction, and final examinations.

CTC Class Report (CBM004)

Institutions may schedule enrollment periods different from the standard periods noted above. Regardless of the length of the term, however, only those contact hours actually scheduled (and not exceeding the maximum approved contact hours) may be reported. Each school year is subdivided into four semesters: fall, spring, summer I, and summer II. The base tuition charge should be assessed only one time during each term.

Classes Organized After the Official Census Date (Flexible Entry Classes)

Any class organized after the official census date for a term will be included in the data submitted in the term following. Classes organized after the 12th class day of the Fall semester, for example, will be reported in the subsequent Spring semester CBM004 report; classes organized after the 12th class day of the Spring semester will be reported in the subsequent first Summer session, etc. The official census date for a flexible entry class is calculated according to the procedure described in the introductory section of the CBM001 called Official Reporting Date.

Flexible Entry classes will be identified by filling the last two places of Item #5, Section Number, with the letters 'FE'. All other data will be completed as if the class had been a part of the term in which it is reported.

Instructional Telecommunications

- (a) "Distance Learning" refers to instruction delivered by any means to any single or multiple location(s) (1) other than the "main campus" of a senior institution (or "on campus"), where the primary office of the chief executive officer of the campus is located; (2) outside the boundaries of the taxing authority of a community/junior college district; or (3) via instructional telecommunications to any other distance location.
- (b) The term "Instructional Telecommunications" (IT) refers to distance instruction delivered primarily by telecommunication technology. Delivery systems may include, but are not limited to, one or more of the following: internet, interactive video, open-channel television, cable television, closed-circuit television, low-power television, communication and/or direct broadcast satellite, satellite master antenna system, microwave, video tape, video disc, computer software, computer networks, and telephone lines.

Inter-Institutional Courses (For institutions not within the same district)

Inter-institutional classes are those in which the faculty and courses of one institution are provided to another institution's students. For inter-institutional classes using instructional telecommunications, see also notes on "Classes Offered in Conjunction with the Virtual College of Texas" on page 4.5. In this context, the "providing institution" is the institution providing the instruction. The "receiving institution" refers to the institution(s) whose students receive the instruction. Neither the location of the class nor the delivery medium affects these definitions.

There are two alternatives for reporting the students and courses where inter-institutional agreements have been approved by the Coordinating Board. Regardless of how the institutions choose to report them, EACH STUDENT MAY ONLY BE REPORTED BY ONE INSTITUTION FOR ANY ONE CLASS.

CTC Class Report (CBM004)

1. The institution that provides the instructor of record for the course (providing institution) reports all enrollments in the class for contact hour funding.
 - a. For the providing institution:
 - 1) The providing institution will report at least two class records, one with its own students and one per FICE code of each receiving partner. For each receiving institution, Item #9 will be coded '6' to exempt those records from the CBM001 and CBM004 contact hour comparisons. Item #19 should report the FICE code of each receiving institution. All other items should be coded according to customary definitions. The providing institution will report the hours for this class on the CBM001 only where its own students have enrolled in the class.
 - 2) With regard to the cross-checks between the CBM001 and CBM004 for the providing institution, the code '6' in Item #9 will cause the edit program to exclude the generated contact hours from the contact hour cross-checks. Semester credit hours generated by enrollments reported in Item #20 will be included in the cross-check of semester credit hours of students affected by the undergraduate limit.
 - b. For the receiving institution(s):
 - 1) In this situation, a receiving institution will not report a class record (CBM004). A receiving institution will report its students on the student report (CBM001), and the contact hours for the inter-institutional class will be reported in the appropriate Items #24 and #25, "Contact Hours, Inter-Institutional Load--Academic/Technical," not in Items #10 or #11.
 - 2) With regard to the cross-checks between the CBM001 and CBM004 for the receiving institution(s), because the class does not appear on the CBM004, the students' contact hours need to be reported in Items #24 or #25 to ensure that they will be excluded from the contact hour cross-check.
 - c. It is possible with this reporting method for the edit program to report a false mismatch of affected semester credit hours between the CBM001 and the CBM004. If this error is reported, and if there is reason to believe that this mismatch report is false, secondary calculations will be performed in order to verify the data.
2. Each participating institution reports its own enrollments in the class for contact hour funding. Institutions may make arrangements among themselves regarding compensation of the institution providing the instruction. This reporting procedure applies to all types of distance education courses: those done through telecourses or interactive video as well as those taught by live instructors at a multi-institutional teaching center. The following conditions must be met:
 - a. The institutions involved are all public institutions of higher education in Texas.
 - b. The institutions involved have a written agreement clearly specifying how students will be reported for formula funding.
 - c. Institutions participating in an agreement of this type have auditable procedures in place to ensure that the same contact hours are not reported more than once for funding.

CTC Class Report (CBM004)

- d. The courses involved are approved for the inventories of both the providing and the receiving institutions.

To report such classes and students:

- e. Each institution reports only its own students on the CBM001. Any associated class records on the CBM004 should reflect only those enrollments made through that institution.
- f. The contact hours generated by such classes (coded '6' in Item #9) will be excluded from the contact hour cross-checks. The semester credit hours generated by such classes for students subject to the undergraduate limit will be included in the cross-check of affected semester credit hours.
- g. For the providing institution:
 - 1) The providing institution will report the class only if students from the institution are enrolled in the class. In this situation, the class is reported as a conventional class.
 - 2) With regard to the cross-checks between the CBM001 and CBM004 for the providing institution, if there are hours and enrollments to report, the contact hours for the students in such a class on the CBM001 should be reported in Items #24 or #25.
- h. For the receiving institution(s):
 - 1) On the class report(s) for the receiving institution(s), Item #9 is coded '6' to indicate that the class is inter-institutional; Item #13, Instructor Code, is coded with the Social Security number or name of the faculty of record; and Item #19, Inter-Institutional FICE of Host Faculty, identifies the institution of the faculty of record.
 - 2) The faculty report(s) for the receiving institution(s) should not include a record for the instructor.
 - 3) With regard to the cross-checks between the CBM001 and CBM004 for the receiving institution(s), the code '6' in Item #9 of the class record will signal the edit program to exclude the generated contact hours from the contact hour cross-checks. These should be balanced by the students' hours reported in Items #24 and/or #25 of the CBM001.

Distance Education and Off-Campus Instruction

Chapter 4, Subchapter P of the CB Rules and Regulations, provides guidance to all public institutions of higher education in Texas regarding the delivery of distance education and off-campus courses and programs. Chapter 9, Subchapter I, provides rules and regulations for public two-year colleges for the delivery of courses and programs via instructional telecommunications or to locations out-of-district, out-of-state, and out-of-country. The rule also points to CB Rule 5, Subchapter D. Courses offered at the teaching center **MUST** be reported separately. The following assigned FICE codes will identify the specific multi-institution teaching centers (MITC) or University System Center:

Classes Offered in Conjunction with the Virtual College of Texas

These guidelines are for reporting any class employing instructional telecommunications as the primary means of instruction where the instructor is employed by another Texas institution. Any class offered in this manner must be active on the institution's course inventory or one of the statewide course inventories. The providing institution will need to report any classes taught during the semester being reported either as a regular class or a flexible entry class, depending upon where the census date falls. Conceptually, the reporting of such a class is a hybrid of instructional telecommunications and an inter-institutional class. The students register at and pay tuition to one institution while the instruction is provided by another by means of instructional telecommunications.

Refer to the documentation of the individual items for details regarding the specific data. The record(s) for classes on the CBM004 or CBM00C employ the following special coding:

1. Contrary to prior reporting practice, the criteria for coding Item #7 (Type of Instruction) are the same for this type of class as for any other.
2. Item #9 (Location Code) is coded '6', indicating an inter-institutional class.
3. Item #12 (Instruction Mode) is coded to reflect the primary medium of instruction in the class. For the classes under consideration here, it is anticipated that Item #12 will be any value *except* '1'.
4. Since Item #9 should be coded '6' for these classes, Item #12B should be blank.
5. Item #13 is coded with the Social Security number or name of the instructor (who is an employee of the providing institution).
6. Item #19 is coded with the FICE code of the providing institution.

On the Student Report (CBM001 or CBM00A), as with other inter-institutional classes, the receiving institution reports those students enrolled at that institution, with the contact hours reported in Items #24 or #25, not Items #10 or #11.

The Faculty Report (CBM008) for the receiving institution should *not* include a record for the instructor.

Formula Funding Exceptions for Repeated Courses

Reporting Non-semester-length Developmental Education Interventions

Rider 59 under the THECB appropriation in Senate Bill 1 (81st Legislature) allows institutions to claim formula funding for approved non-semester length developmental education interventions (including course-based, non-course-based, alternative-entry/exit, and other intensive developmental education activities) beginning in fall 2010. Interventions of four or more contact hours may be reported for formula funding. Semester credit hours (SCH) should be included in the appropriate SCH fields. Students enrolled in non-semester length developmental education interventions that begin after the census date should be reported as flexible entry.

Institutions which offer non-semester-length developmental education interventions are offered the following guidelines:

As semester credit hours must be reported in whole numbers, the following crosswalk is provided for reporting SCHs in non-semester length developmental education interventions. Institutions should add up all of a student's hours in approved developmental education interventions and then use the crosswalk. For example, while a student who participates in one eight hour intervention in a semester would be reported with 0 SCH, a student who participates in two eight-hour interventions would be reported with 1 SCH.

4 - 8 contact hours = 0 SCH
9 - 24 contact hours = 1 SCH
25 - 40 contact hours = 2 SCH
41 - 56 contact hours = 3 SCH

Institutions may determine the SCH equivalents for the SCH fields; however, interventions with 12 contact hours or more MUST BE reported with at least 1 SCH; interventions reported for 32 hours or more MUST BE reported with at least 2 SCH; and interventions reported with 64 hours or more MUST BE reported with at least 3 SCH. These restrictions are to prevent institutions from under-reporting students on the 27-hour rule. The limits were determined based on the hours allowed per SCH for many traditional-length developmental education courses in the ACGM. **This crosswalk is not intended to apply to the traditional-length developmental education courses listed in the ACGM.**

INSTRUCTIONS FOR CLASS REPORT

Item #1 Record Code. Always enter '4'.

Item #2 Institution Code. Enter the FICE Code of the institution. See Appendix A.

Class Identification. The subject prefix, course number, and section number uniquely identifies each class taught. The subject prefix, course number, and course approval code must be on the institution's annual list of Coordinating Board approved general academic courses or the annual list of CB approved technical courses.

NOTE: Subject Prefix and Course Number should each be left-justified.

Item #3 Subject Prefix. Enter the subject abbreviation of this course.

Item #4 Course Number. Enter the course number.

Item #5 Section Number. Enter the section number assigned to this class.

NOTE: All classes will be assigned a section number.

Item #6A Semester Credit Hour Value. Enter the semester credit hour value for this section. If no credit is given, e.g., non-credit laboratory section, enter '00'. If variable credit is given within the section, make multiple entries for each semester credit hour value for which students are enrolled (see notes on multiple entries). Only whole numbers, no fractions, can be accepted. Right justify with leading zeros.

Item #6B Enrollment of Developmental Students Exceeding State Limit. Enter the total number of students officially enrolled in this section whose developmental semester credit hours exceed the state funding limit (27 SCHs). Students counted in this item should not be included in Items #16, #20, or #21. Include all developmental SCHs funded at your institution during or after the summer of 1996. There is further discussion and an example on page 4.15 that illustrates how to report students in this item if a student should be partially funded for a developmental course. Right justify with leading zeros.

Item #6C Unused

Item #7 Type of Instruction. Enter the code of primary type(s) of instruction used in this section. If multiple types of instruction are used, e.g., section entails lecture and clinical, see notes on multiple entries.

- | | | | |
|---|-----------------------|---|------------|
| 1 | Lecture | 5 | Co-op |
| 2 | Laboratory | 6 | Internship |
| 3 | Clinical | 7 | Practicum |
| 4 | Electronic (optional) | | |

CTC Class Report (CBM004)

NOTE: Courses that were formerly called “Instructional Telecommunications” (code 4) are now called “electronic” and should be coded according to their type of instruction rather than the mode of instruction which will now be identified in Item #12. However, if you consider the “Electronic” medium a type of instruction, you may use the optional code ‘4’ in Item #7 and you must identify the mode of instruction in Item #12. For example, a two-way interactive video class that is a lecture should be coded a ‘1’ in Item #7 and a ‘4’ in Item #12. The optional coding is to code both Items a ‘4’. (More discussion of Instructional Telecommunications is described in the Introduction of the CBM004 and more discussion on multiple entries reporting is described on page 4.11.) Lecture and laboratory instruction can be combined and reported in the same record.

Item #8 Course Type. Enter the code of the type of course for this section.

- 1 General Academic
- 2 Local Need
- 4 Technical (in Workforce Education Course Manual)
- 7 Third and Fourth Year Bachelor of Applied Technology Programs

Item #9 Location Code. Enter the code indicating where this section meets. Courses taught at one of the locations coded ‘5’, ‘6’, ‘7’, ‘9’, or ‘A’ should be reported even if they are taught in-district.

- 1 In-District
- 2 Out-of-District (regular); other locations not listed below

NOTE: Classes taught away from the main campus of TSTC or Lamar, if the entity or facility is not listed below, will be coded a ‘2’.

- 3 Out-of-State
- 4 Foreign Country
- 5 Correctional Institution – Courses taught in a correctional institution in Texas by a public institution of higher education.
- 6 Inter-institutional – Courses taught by one institution *for the students of* another through a mutual agreement approved by the Coordinating Board. See definition in the Introductory Section of the CBM004.
- 7 Military Bases – Courses taught on a military base.
- 8 Primary or Secondary School – Courses taught on the campus of a public or private primary or secondary school out of the institution’s taxing district.
- 9 Individual Instructional – Courses delivered through Instructional Telecommunications to individuals via the Internet, videotape, or live broadcast delivery systems or students in “individual instruction classes” which are located out of district. See definition in the introductory section of the CBM004.
- A Auxiliary Location – Courses approved to be taught at one of the multi-institution teaching center or system center. See the discussion about multi-institution teaching centers in the Introduction of the CBM004. The assigned FICE code of the center must also be included in Item #19.

CTC Class Report (CBM004)

B Business, Government, or Other Work Location – Courses taught at such entities out of the institution’s taxing district.

NOTE: Item #12B, Zip Code, must be completed for all classes taught at all of the locations identified above, except locations coded ‘1’, ‘6’, ‘9’, or ‘A’.

Item #10 Contact Hours. Enter the number of contact hours for which the course is actually scheduled. The contact hours reported on the CBM004 cannot be greater than the contact hours approved on the course inventory. Only whole numbers can be accepted. Right justify with leading zeros.

NOTE: The total academic contact hours of the CBM001 must be within plus or minus 250 total contact hours of the CBM004. The total technical contact hours of the CBM001 must be within plus or minus 250 total contact hours of the CBM004. The contact hours of flex-entry classes and the contact hours reported in flex-entry student records are included when doing the comparison. However, contact hours in inter-institutional class records are not included.

Item #11 Approval Number. Enter the ten-digit approval number assigned to academic courses or the six-digit CIP code for the technical program area (left-justified with trailing zeros). For technical courses, the Coordinating Board will insert zeros in positions 7 and 8. For both academic and technical courses, the Coordinating Board will insert the associated funding code in positions 9 and 10 of the CIP code during the edit process.

Item #12 Instruction Mode. Enter the primary mode of instruction where 50% or more of the instruction is delivered via a single mode.

- 1 Face-to-Face – The instructor and the students are in the same physical location at the same time.
- 2 Fully Distance Education Course
- 3 Video Tape/DVD and/or Broadcast TV
- 4 Two-way Interactive Video
- 5 Multiple or Other Electronic Media (Use only if no other single mode accounts for 50% of the instruction or if the electronic instruction mode is not listed above.)
- 6 Hybrid/Blended Course

NOTE: Instruction mode “2” Fully Distance Education Course -- A course which may have mandatory face-to-face sessions totaling no more than 15 percent of the instructional time. Examples of face-to-face sessions include orientation, laboratory, exam review, or an in-person test.
Instruction mode “6” Hybrid/Blended Course -- A course in which a majority (at least 50 percent but less than 85 percent) of the planned instruction occurs when the students and instructor(s) are not in the same place.

CTC Class Report (CBM004)

- Item #12A Site Code. This item has been discontinued. Report the Instruction Mode in the first column of the old field and blank out the last 2 columns for now.
- Item #12B Zip Code Where Classes Taught. Enter the zip code of the specific site for all classes taught at the locations identified by codes '2', '5', '7', '8', and 'B' in Item #9. For locations identified by codes '3' and '4' in Item #9, enter the three-digit state or foreign country code (see Appendix B and right-justified with 2 leading zeros). Leave this item blank for location codes '1', '6', '9', and 'A' in Item #9. Classes taught at an out-of-district branch campus recognized by the Coordinating Board as such must also be identified separately with a specific zip code.
- Item #13 Instructor Code. Enter the Social Security Number of the faculty member of record who participates in the delivery of instruction and evaluation of the student progress in this section. If the class section is an inter-institutional class (Item #9 is coded '6') that is being taught by a faculty of another institution, enter the SSN of the instructor and enter the FICE code of the other institution in Item #19. If more than one instructor teaches this section, complete separate entries for each instructor. See notes on multiple entries.
- Item #14 Responsibility Factor (percent). Enter the responsibility factor (percent) of each faculty member involved in this section. The responsibility factor for each section must always be 100 percent. (See notes below.)
- Item #15 Number of Weeks. Enter the number of weeks this section will be taught.
- Item #16 Enrollment NOT Affected by Undergraduate SCH Limit. Enter the total number of students officially enrolled in this section who qualify for state funding and who are NOT affected by the undergraduate limitation of semester credit hours attempted. Students reported here include:

If the course is taught at a multi-institution teaching center or system center identified in Item #9 with a code 'A', enter the assigned FICE of the MITC. (See list on page 4.4.)

Item #20 Enrollments Affected by Undergraduate SCH Limit. Enter the total number of academic students officially enrolled in this section who qualify for state funding and who ARE affected by the undergraduate limitation of semester credit hours attempted. Include only the students in academic courses that apply toward an associate or first baccalaureate degree at an institution of higher education and for which the college receives state funding. NOTES: CLASS REPORT (CBM004)

MULTIPLE ENTRIES: When a variable exists for any data item of a course record, e.g., more than one faculty member teaching a single section or variable credit offered within a single section, make separate entries for each variable item.

To enter a multiple record, duplicate all Items #1 thru #21 of the first record except for Item #6A, Semester Credit Hours; Item #10, Contact Hours; Item #14, Responsibility Factor; and the variable item. The semester credit hour value should be zero-filled. The contact hours will be apportioned by the institution, the total of which should not exceed that approved in the Coordinating Board inventory. The responsibility factor will also be apportioned by the institution. For example, two instructors might be listed as 50-50 and three instructors might be listed as 50-25-25. The total must always equal 100 percent.

EXAMPLE 1. When two or more instructors share teaching duties in a class, there will be a separate entry for each instructor involved. The contact hours and responsibility factor will be apportioned by the institution, but Item #6, Semester Credit Hours, will be zero-filled in the second and following entries.

EXAMPLE 2. When one instructor teaches lecture and another teaches lab, Item #6 will be zero-filled for the lab, Item #10's contact hours will be apportioned by the institution, the total of which should not exceed that approved in the Coordinating Board inventory and Item #14 will also be apportioned by the institution, the total of which should equal 100 percent.

EXAMPLE 3. When there is more than one lab section associated with a lecture, one lab record is now acceptable for the class, or each lab may be entered separately. If there is more than one faculty member involved in teaching the lecture and lab components, multiple records will be submitted to apportion the responsibility of each faculty. If you choose to submit separate records for each lab, follow example 2, but enrollment in the labs may vary. The total responsibility factor of the lecture plus labs should equal 100 percent.

CTC Class Report (CBM004)

Enrollment of Developmental Students Exceeding State Limit

The law regarding the 27 SCH rule is being interpreted to mean that each student will be funded for exactly 27 semester credit hours of developmental courses. This will not present great problems for CBM reporting purposes to institutions where every developmental course awards 3 SCH. If your institution offers developmental courses that award 1 or 2 SCH (or any other number of hours not divisible by 3), it is possible that you will have students whose total SCH in developmental courses never exactly equals 27. For such students, you will need to employ a multiple-record, variable-credit structure to report that portion of a course's credit hours and contact hours that will bring the total SCH in developmental courses to exactly 27.

For example, MATH 011, Section 0001 is a developmental course with 3 SCH and 48 CH. The class has 24 students whose total SCH in developmental courses are distributed as follows:

- [a] 16 students have attempted less than 20 developmental SCH
- [b] 1 student has attempted 25 developmental SCH
- [c] 3 students have attempted 26 developmental SCH
- [d] 4 students have attempted more than 27 developmental SCH

Three class records will be needed to report these students properly. The first record will show the full credit hours and contact hours for the course in Items #6A and #10. The 16 fully funded students (from category [a] above) will be entered in Item #16, while the 4 fully unfunded students [d] will be entered in Item #6B. The second record will show 2 SCH in Item #6A with the contact hours (Item #10) reduced proportionally to 32. Student [b] will be entered in Item #16 since he should be funded for 2 of the 3 attempted credit hours; the students in [c] should be entered in this record in Item #6B to indicate that 2 of the hours for which they are enrolled are not funded. The third record will show 1 SCH in Item #6A with the contact hours (Item #10) reduced proportionally to 16. Student [b] will be entered in this record in Item #6B to show the 1 unfunded credit hour, and the students from [c] will be entered in Item #16 to show their 1 funded credit hour. The responsibility factor (Item #14) should be distributed proportionally among the three records and must total 100.

These fields in these three records will appear as follows (the letters in square brackets correspond to the list above):

(3) Subject	(4) Course #	(5) Section	(6A) SCH	(6B) Enroll_Unfund	(10) Contact_Hours	(14) Respon_Factor	(16) Enroll_Funded
MATH	011	0001	3	4[d]	48	50	16[a]
MATH	011	0001	2	3[c]	32	33	1[b]
MATH	011	0001	1	1[b]	16	17	3[c]

If such a situation occurs with a course which has lecture and lab components, there needs to be a pair of records with appropriately distributed credit hours and contact hours for each level of funding. Similarly, classes with multiple instructors need to have sets of records, each displaying all instructors with appropriately distributed hours and responsibility factors.

CTC Class Report (CBM004)

Regardless of how many records are used to report a course, the responsibility factor in such a group of records must always total 100. For the sake of data integrity, care should be taken that the credit hours, contact hours, and responsibility factor are distributed appropriately.

Developmental courses do not apply toward the undergraduate semester credit hour limit. Consequently, there should not be any enrollments reported in Item #20 in these situations. All enrollments of students in developmental courses that exceed the limit will be reported in Item #6B, not in Item #21.

CTC Class Report (CBM004)

SUMMARY OF SEMESTER CREDIT HOURS GENERATED METHODOLOGY

The Total Funded SCH column is the sum of the columns labeled Academic SCH Affected by Limit, (Item #20 times Item #6A when Item #8 = 1), Academic SCH Not Affected by Limit (Item #16 times Item #6A when Item #8 = 1), and Technical SCH (Item #16 plus Item #20 times Item #6A when Item #8 not equal 1) for all students except third and fourth year Bachelor students, which are included in the BA SCH column. The Excess Dev SCH column is Enrollment of Developmental Students Exceeding the State Limit (Item #6B) times Semester Credit Hour Value (Item #6A). The Unfunded SCH column is Enrollment of Students Not Eligible for State Funding (Item #21) times Semester Credit Hour Value (Item #6A).

SUMMARY OF CONTACT HOURS GENERATED METHODOLOGY

In order to produce the Summary of Contact Hours generated in approved courses, the approval number, subject prefix, and course number as reported for each class on the CBM004 are compared to the institution's Inventory of Approved Courses. Only the contact hours for those classes which match exactly to the Course Inventory are affected and are tabulated. The approval number mismatch between the respective inventory and CBM004 must be resolved before the hours for these classes can be added into the total.

The enrollment (Items #16 and #20) of each class with a valid approval number is multiplied by the contact hour value shown on the CBM004 for that class. The contact hours produced are then aggregated by the program/discipline area within each funding area.

The Total Contact Hours column is the sum of the columns labeled Academic Contact Hours (Item #16 plus Item #20 times Item #10 when Item #8 = 1) and Technical Contact Hours (Item #16 plus Item #20 times Item #10 when Item #8 <> 1). The Excess Developmental Contact Hours column is Enrollment of Developmental Students Exceeding the State Limit (Item #6B) times Contact Hours (Item #10). The Unfunded Hours column is Enrollment of Students Not Eligible for State Funding (Item #21) times Contact Hours (Item #10).

Each course has an assigned eight-digit CIP code and an associated funding code in the course record in the inventory. The funding codes are based on the first two or four digits of the CIP code.

BUILDING AND ROOM USE REPORT CBM005

This report is required only for the Texas State Technical Colleges, Lamar State College-Orange, Lamar State College-Port Arthur, Lamar Institute of Technology, and Texas Southmost College.

The purpose of this report is to collect data reflecting the building and room assignments as of the twelfth class day of the fall semester only. The following data refer to building and room usage and are to be reported for all courses taught in the fall semester in buildings or rooms required to be included in the institutions' Facilities Building and Room Inventory Reports. In the introductory section of the Facilities Building Inventory Report (CBM014), it states that a building inventory should "... include facilities under the jurisdiction or control of the institution's governing board, regardless of location" (on or off campus). ... "If a building is not owned by the institution or is shared with other tenants, include only the portion of the building leased or controlled by the institution and its pro rata share of gross, assignable area and non-assignable area." Building number, room number, and room type data in this report must match an institution's facilities inventory on file with the Coordinating Board. This data is used to calculate classroom and class laboratory utilization for average weekly hours of use.

NOTE:

1. Only the classes reported on the CBM004 that have been assigned to a specific room for a definite day(s) and time of the week should be reported on the CBM005.
2. Multiple entries should be made for classes meeting at different assigned times or in different classrooms.

END OF SEMESTER CLASS REPORT
CBM006

This report contains enrollment data for all classes in Coordinating Board-approved (academic and technical) courses for which semester credit hours are awarded, and includes only those census date students who are enrolled on the final day of the class (have not withdrawn or dropped). Students who audit courses are not included. These final enrollments can only be reported if the students qualify to be reported on the CBM004.

A CBM006 should report all classes that were reported on the corresponding CBM004, regardless of the length of the class. For classes longer than 16 weeks, report the enrollment (census date students who have not withdrawn or dropped) as of the end of semester in which the class is reported for funding on the CBM004. Include only classes reported on the CBM004.

Flexible Entry classes will be identified by filling the last two places of Item #5, Section Number, with the letters 'FE'. All other data will be completed as if the class had been a part of the term in which it is reported.

CTC End of Semester Class Report (CBM006)

INSTRUCTIONS FOR END OF SEMESTER CLASS REPORT

Item #1 Record Code. Always enter '6'.

Item #2 Institution Code. Enter the FICE Code of the institution.

Class Identification. The subject prefix, course number, and section number uniquely identify each class taught. All courses (as identified by the subject prefix, course number, and course approval code) must appear as "active" in one of the inventory files of Coordinating Board-approved courses maintained by the Community and Technical Colleges Division.

NOTE: Subject Prefix and Course Number should each be left justified. The Section Number is normally right justified.

Item #3 Subject Prefix. Enter the subject abbreviation of this course.

Item #4 Course Number. Enter the course number.

Item #5 Section Number. Enter the section number assigned to this class.

NOTE: Include only classes reported on the Class Report (CBM004).

Item #6A Semester Credit Hour Value. Enter the semester credit hour value for this section. If no credit is given, e.g., non-credit laboratory section, enter '00'. If variable credit is given within the section, make multiple entries for each semester credit hour value for which students are enrolled (see notes on multiple entries). Only whole numbers, no fractions, can be accepted. Right justify with leading zeros.

Item #6B Enrollment of Developmental Students Exceeding State Limit. Enter the total number of students officially enrolled in this section whose developmental semester credit hours exceed the state funding limit (27 SCHs). Students counted in this Item should not be included in Items #16, #20, or #21.

Item #6C Unused

Item #7 Type of Instruction. Enter the code of primary type(s) of instruction used in this section. If multiple types of instruction are used, e.g., section entails lecture and clinical, see notes on multiple entries.

1	Lecture	5	Co-op
2	Laboratory	6	Internship
3	Clinical	7	Practicum
4	Electronic (Optional)		

NOTE: Courses that were formerly called "Instructional Telecommunications" (code 4) are now called "Electronic" and should be coded according to their type of instruction rather than the mode of instruction which will now be identified in Item #12. However, if you consider the "Electronic" medium a type of

CTC End of Semester Class Report (CBM006)

instruction, you may use the optional code '4' in Item #7 and you must identify the mode of instruction in Item #12. (More discussion of Instructional Telecommunications is described in the Introduction of the CBM004 and more discussion on multiple entries reporting is described on page 4.11.)

Item #8 Course Type. Enter the code of the type of course for this section.

- 1 General Academic
- 2 Local Need
- 4 Technical (in Workforce Education Course Manual)
- 7 Third and Fourth Year Bachelor of Applied Technology Programs

Item #9 Location Code. Enter the code indicating where this section meets. Courses taught at one of the locations coded '5', '6', '7', '9', or 'A' should be reported even if they are taught in-district.

- 1 In-District
- 2 Out-of-District (regular); other locations not listed below

NOTE: Classes taught away from the main campus of TSTC or Lamar, if the entity or facility is not listed below, will be coded a '2'.

- 3 Out-of-State
- 4 Foreign Country
- 5 Correctional Institution – Courses taught in a correctional institution in Texas by a public institution of higher education.
- 6 Inter-institutional – Courses taught by one institution *for the students* of another through a mutual agreement approved by the Coordinating Board. See definition in the Introductory Section of the CBM004.
- 7 Military Bases – Courses taught on a military base.
- 8 Primary or Secondary School – Courses taught on the campus of a public or private primary or secondary school out of the institution's taxing district.
- 9 Individual Instructional – Courses delivered through Instructional Telecommunications to individuals via the Internet, videotape, or live broadcast delivery systems or students in "individual instruction classes" which are located out of district. See definition in the introductory section of the CBM004.
- A Auxiliary Location – Courses approved to be taught at one of the multi-institution teaching center or system centers. See the discussion about multi-institution teaching centers in the Introduction of the CBM004. The assigned FICE code of the center must also be included in Item #19.
- B Business, Government, or Other Work Location – Courses taught at such entities out of the institution's taxing district.

NOTE: Item #12B, zip code, must be completed for all classes taught at all of the locations identified above, except locations coded '1', '6', '9', or 'A'.

Item #10 Contact Hours. Enter the number of contact hours for which the course is actually scheduled. The contact hours reported on the CBM004 cannot be greater than the

CTC End of Semester Class Report (CBM006)

contact hours approved on the course inventory. Only whole numbers can be accepted. Right justify with leading zeros.

NOTE: The total contact hours of the CBM006 must be less than the total contact hours of the CBM004. However, contact hours in inter-institutional class records are not included.

Item #11 Approval Number. Enter the ten-digit approval number assigned to academic courses or the six-digit CIP code for the technical program area (left-justified with trailing zeros). For technical courses, the Coordinating Board will insert zeros in positions 7 and 8. For both academic and technical courses the Coordinating Board will insert the associated funding code in positions 9 and 10 of the CIP code during the edit process.

Item #12 Instruction Mode. Enter the primary mode of instruction where 50% or more of the instruction is delivered via a single mode.

- 1 Face-to-Face – The instructor and the students are in the same physical location at the same time
- 2 Fully Distance Education Course
- 3 Video Tape/DVD and/or Broadcast TV
- 4 Two-way Interactive Video
- 5 Multiple or Other Electronic Media (Use only if no other single mode accounts for 50% of the instruction or if the electronic instruction mode is not listed above.)
- 6 Hybrid/Blended Course

NOTE: Instruction mode “2” Fully Distance Education Course -- A course which may have mandatory face-to-face sessions totaling no more than 15 percent of the instructional time. Examples of face-to-face sessions include orientation, laboratory, exam review, or an in-person test. Instruction mode “6” Hybrid/Blended Course -- A course in which a majority (at least 50 percent but less than 85 percent) of the planned instruction occurs when the students and instructor(s) are not in the same place.

Item #12A Site Code. This item has been discontinued, but the first column of the old field is being used to identify the Instruction Mode and the other two columns are unused at this time.

Item #12B Zip Code Where Classes Taught. Enter the zip code of the specific site for all classes taught at the locations identified by codes ‘2’, ‘5’, ‘7’, ‘8’, and ‘B’ in Item #9. For locations identified by codes ‘3’ and ‘4’ in Item #9, enter the three-digit state or foreign country code (see Appendix B and right-justified with 2 leading zeros). Leave this item blank for location codes ‘1’, ‘6’, ‘9’, and ‘A’ in Item #9. Classes taught at an out-of-district branch campus, recognized by the Coordinating Board as such, must also be identified separately with a specific zip code.

Item #13 Instructor Code. Enter the Social Security Number of the faculty member of record for this section. More than one instructor is not required unless it is a variable credit

CTC End of Semester Class Report (CBM006)

section or the lecture and lab portions are reported with the same section number. See notes on multiple entries.

Item #14 Responsibility Factor (percent). Enter zeros. This item is not required for the CBM006.

Item #15 Number of Weeks. Enter the number of weeks this section was taught.

Item #16 Enrollment NOT Affected by Undergraduate SCH Limit. Enter the total number of students officially enrolled in this section as of the census date who have not withdrawn or dropped as of the last day of the term who qualify for state funding and who are NOT affected by the undergraduate limitation of semester credit hours attempted. Students reported here include:

- 1) students who already have a baccalaureate degree from an institution of higher education,
- 2) students who pay the non-resident tuition rate,
- 3) students in technical courses,
- 4) academic students who enrolled as undergraduates in an institution of higher education prior to the 1999 fall semester, and
- 5) students enrolled in developmental courses where the student's accumulated developmental semester credit hours has not exceeded the developmental limit.

There is further discussion and an example on page 4.15 that illustrates how to report students in this item if a student should be partially funded for a developmental course. Exclude auditing students. Students counted in this Item should not be included in Item #6B, #20, or #21.

Item #17 Semester. Enter the semester that this report covers. If reporting a combined summer report, use a code of '3'.

1 Fall 2 Spring 3 Summer I 4 Summer II

Item #18 Year. Enter all four digits of the calendar year in which the semester occurs (YYYY).

Item #19 Inter-institutional FICE. Enter the six-digit FICE code that identifies the providing institution of the faculty of record if Item #9 is coded a '6' (see Appendix A). If the course is taught at a multi-institution teaching center or system center identified in Item #9 with a code 'A', enter the assigned FICE of the MITC. (See list on page 4.4.)

Item #20 Enrollments Affected by Undergraduate SCH Limit. Enter the total number of academic students officially enrolled in this section as of the census date who have not withdrawn or dropped as of the last day of the term who qualify for state funding and who ARE affected by the undergraduate limitation of semester credit hours attempted. Include only the students in academic courses that apply toward an associate or first baccalaureate degree at an institution of higher education and for

CTC End of Semester Class Report (CBM006)

which the college receives state funding. If the student is counted in this Item, do not include in Item #6B, #16, or #21.

Item #21 Enrollment of Students Not Eligible for State Funding. Enter the total number of students officially enrolled in this section who are not eligible for state funding, excluding students who have exceeded the developmental state limit (Item #6B). An example are students who have attempted the same course three or more times. Students counted in this item should not be included in Items #6B, #16, or #20. The link on page 4.5 provides further discussion. Right justify with leading zeros.

CTC End of Semester Class Report (CBM006)

SUMMARY OF SEMESTER CREDIT HOURS GENERATED METHODOLOGY

The Total Funded SCH column is the sum of the columns labeled Academic SCH Affected by Limit, (Item #20 times Item #6A when Item #8 = 1), Academic SCH Not Affected by Limit (Item #16 times Item #6A when Item #8 = 1), and Technical SCH (Item #16 plus Item #20 times Item #6A when Item #8 not equal 1) for all students except third and fourth year Bachelor students, which are included in the BA SCH column. The Excess Dev SCH column is Enrollment of Developmental Students Exceeding the State Limit (Item #6B) times Semester Credit Hour Value (Item #6A). The Unfunded SCH column is Enrollment of Students Not Eligible for State Funding (Item #21) times Semester Credit Hour Value (Item #6A).

SUMMARY OF CONTACT HOURS GENERATED METHODOLOGY

In order to produce the Summary of Contact Hours generated in approved courses, the approval number, subject prefix, and course number as reported for each class on the CBM006 are compared to the institution's Inventory of Approved Courses. Only the contact hours for those classes which match exactly to the Course Inventory are affected and are tabulated. The approval number mismatch between the respective inventory and CBM006 must be resolved before the hours for these classes can be added into the total.

Each record that is coded '2', '3', '4', '5', '7', '8' or 'B' in Item #9 must have a valid ZIP code. Only the error-free class records coded '2' in Item #9 will be summarized in the out-of-district columns.

The enrollment (Items #16 and #20) of each class with a valid approval number is multiplied by the contact hour value shown on the CBM006 for that class. The contact hours produced are then aggregated by the program/discipline area within each funding area.

The Total Contact Hours column is the sum of the columns labeled Academic Contact Hours (Item #16 plus Item #20 times Item #10 when Item #8 = 1) and Technical Contact Hours (Item #16 plus Item #20 times Item #10 when Item #8 <> 1). The Excess Developmental Contact Hours column is Enrollment of Developmental Students Exceeding the State Limit (Item #6B) times Contact Hours (Item #10). The Unfunded Hours column is Enrollment of Students Not Eligible for State Funding (Item #21) times Contact Hours (Item #10).

Each course has an assigned eight-digit CIP code and an associated funding code in the course record in the inventory. The funding codes are based on the first two or four digits of the CIP code.

Note: The CBM004 Report is compared to the CBM06 Report to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the difference < 0 or absolute value of the difference between the CBM006 and CBM004 item

- 1) is less than 250, a Review message is not printed.
- 2) is between 250 and 10,000, a percentage change greater than 35% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 30% is identified.
- 4) is greater than 100,000, a percentage change greater than 20% is identified.

The report is a 'work in progress' and we would appreciate any feedback you may have regarding it.

Note: The Report is compared to the previous year to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the difference < 0 or absolute value between the current year and prior year item

- 1) is less than 100, a Review is not printed.
- 2) is between 100 and 10,000, a percentage change greater than 35% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 30% is identified.
- 4) is greater than 100,000, a percentage change greater than 20% is identified.

The report is a 'work in progress' and we would appreciate any feedback you may have regarding it.

FACULTY REPORT
CBM008

This report will include all personnel who teach a class that generates credit hours and that is reported on the Class File (CBM004) or whose assigned responsibilities are directly related to the teaching function.

The CBM008 report will be submitted only for the Fall and Spring semesters.

This report should reflect personnel as of the census date of the reporting period. It must also include records for faculty identified in the corresponding CBM004 in Item #13 of any records for flex-entry classes.

The following Accountability Measures use data from the faculty report:

Fall term

1. Percent of contact hours taught by full-time faculty
2. FTE student/FTE faculty ratio
3. Percent of faculty with advanced degrees
4. Number of faculty full-time and part-time by ethnicity and gender
5. Percent of course sections taught by full-time faculty

Fiscal year

6. Appropriations: Appropriated funds per FTE student and per FTE faculty

CTC Faculty Report (CBM008)

INSTRUCTIONS FOR FACULTY REPORT

- Item #1 Record Code. Always enter '8'.
- Item #2 Institution Code. Enter the FICE Code of the institution.
- Item #3 Faculty Identification Number. Enter the Social Security Number of the individual faculty member of record.
- Item #4 Rank. Enter the code indicating the rank of the faculty member. Enter zero if the institution does not have a ranking system.
- 0 No Ranking System
 - 1 Professor
 - 2 Associate Professor
 - 3 Assistant Professor
 - 4 Instructor
 - 5 Other Faculty (includes adjunct, visiting, and special faculty)
- Item #5 Gender. Enter the code indicating the gender of the faculty member.
- M = Male F = Female
- Item #6 Birth Date. Enter all four digits of the year, two digits of the month, and the two-digit day in which this faculty member was born (YYYYMMDD). If unknown, enter '00000000'.
- Item #7 Reserved for future use.
- Item #8 Unused
- Item #9 Last Name. Enter the faculty member's last name (10-character limit).
- Item #10 First Name Initial. Enter the initial of the faculty member's first name.
- Item #11 Middle Name Initial. Enter the initial of the faculty member's middle name.
- Item #12 New Hire. Enter a '1' if this person was hired full-time for the first time for the current period, or after a break in service. Do not include persons who have returned from sabbatical leave. Leave the item blank if the person is not newly hired.
- Item #13 Administrative Unit Code. Enter the appropriate four-digit code (see Appendix D) designating the administrative unit (i.e., department) in which the faculty member teaches. When the assignments of a faculty member involve more than one administrative unit, choose the one in which the faculty is most closely associated. For a faculty member whose assignment is in a non-instructional area, an administrative unit code of '3333' may be used.

CTC Faculty Report (CBM008)

Item #14 Highest Earned Certificate/Degree. Enter the code representing the highest earned degree or certificate.

- | | | | |
|---|------------|---|---------------------|
| 1 | Doctorate | 4 | Associate |
| 2 | Masters | 5 | Certificate or less |
| 3 | Bachelor's | 6 | No degree |

Item #15 Total Percent of Time Employed by the Institution. Enter the proportion of time that this person is employed at your institution for the fall or spring term. This percentage should be based on a full-time workload as defined by your institution for the term you are reporting, and it may not exceed '100' percent. To be considered full-time, individuals must be reported here as 100% (the equivalent of 1 FTE).

Examples: 100% = 100; 50% = 050

Item #16 Percent of Time Directly Related to Teaching (Current Term). Enter the faculty member's percent of time that relates directly to teaching, which must not exceed '100' percent and must not be greater than the total percent assigned (Item #15). Direct instructional activities include interaction with students related to instruction, preparation for such instruction, and evaluation of student performance. Also include administrative assignments which directly supplement the teaching function, such as heads of teaching departments, coordinator of special programs or multi-section courses, etc., and any other professional assignments which an institution considers to be directly related to the teaching function. Each institution has a policy that defines a full or normal faculty workload (e.g., 15 semester credit hours, five classes, etc.).

Example 1: Instructor A teaches 6 credit hours per week at an institution where 15 hours is a full-time load.

Percent of Time for teaching = $6 / 15 = 40\%$ and reported as 040

Example 2 Instructor B teaches a 3 credit hour class and is an administrator in an institution where 15 hours is a full-time load.

Percent of Time teaching = $3 / 15 = 20\%$ and reported as 020

Item #17 Faculty Category. Enter the faculty category that best describes the faculty member's contract for the fiscal year.

- 1 Regular Faculty – Faculty whose primary responsibility is instruction
- 2 Adjunct or Other Faculty – Those individuals considered adjunct or other faculty might receive a temporary appointment for several successive terms. The temporary appointment may be 100%. The key consideration is that there is no guarantee of a continuing appointment. This category includes adjuncts, administrators, and professional personnel at the institution who teach but whose primary job responsibility is non-faculty.
- 3 Flex-entry Faculty – A faculty member who taught a class that was a flexible entry class and is not teaching in the current term

CTC Faculty Report (CBM008)

Item #18 Contract or Appointment Length. Enter the number of months of the contract (appointment) for the fiscal year. Round any partial month to the nearest tenth. Enter a leading zero for an appointment of less than 10 months. The appointment length is based on the number of months contracted for, not the number of installments in which salaries are paid.

Example: 9-month contract report as 090
3-week contract report as 007
6-week contract report as 014

Item #19 Salary. Enter the amount of the faculty member's contracted salary for the fiscal year for all faculty employed on the census date of the term. If the faculty member is employed on the census date in the fall and spring terms, the same salary amount will be reported both terms. Round salary amount to the nearest whole dollar. Do not include benefits or overloads in the salary amount.

Note: When computing average 9-month salaries, only the regular faculty identified in the Faculty Category (Item #17) whose Percent of Time Directly Related to Teaching (Item #16) is 100% will be used. The Contract Length will be divided into 9 to determine the ratio to multiply the contract salary by to yield a 9-month equivalent.

Item #20 Semester. Enter the appropriate semester code.

1 Fall 2 Spring

Item #21 Year. Enter all four digits of the calendar year in which the semester occurs.

Note: Items #22 and #23A-G are mandatory beginning with the fall 2010 reporting period.

Item #22 Ethnic Origin. Enter the code indicating whether the faculty member is of Hispanic or Latino origin or not.

1 Hispanic or Latino origin
2 Not Hispanic or Latino origin
3 Not answered

Item #23 Race. Select one or more codes indicating the race of the faculty member.

Item #23A 1 White
Item #23B 2 Black or African-American
Item #23C 4 Asian

Note: The standard Summary Report is compared to the previous year to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the absolute value of the difference between the current year and prior year item

- 1) is less than 50, a Review message is not printed.
- 2) is between 50 and 10,000, a percentage change greater than 25% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 20% is identified.
- 4) is greater than 100,000, a percentage change greater than 10% is identified.

If the original report had only one column the comparison data is in adjacent column. If the original report had multiple columns the comparison data is in the next row and asterisks are printed below the column in question.

The report is a 'work in progress' and we would appreciate any feedback you may have regarding it.

GRADUATION REPORT
CBM009

This report will include all degrees and certificates which have been awarded to students in active Coordinating Board approved programs during the fiscal year. Also included are *progress measures* of students who have completed the core curriculum and/or approved fields of study. By definition, the progress measures are not awards. The degree and certificate program approval codes for technical and continuing education programs must be on the Education and Training Clearinghouse Technical Programs Inventory. If a student is awarded an associate degree and a certificate concurrently, a separate record for each award must be submitted. Each progress measure will be submitted in a separate record but only once for each specific measure.

This report will be due in the fall semester following the close of the fiscal year.

TEC 61.821-61.829 requires the Board to develop guidelines for core curriculum and fields of study. That portion of the TEC also requires that if a student completes the core curriculum at one institution, another institution must accept the whole block of courses in transfer. Similarly, if a student completes a field of study curriculum at one institution, that block of courses must be accepted for transfer at another institution and substituted for that institution's lower division requirements for the degree program for the field of study into which the student transfers. Coordinating Board rules relating to core curriculum and field of study curricula may be found in Subchapter B of Chapter 4 at <http://www.thecb.state.tx.us/Rules/>. A student concurrently enrolled at more than one institution of higher education shall follow the core curriculum or field of study curriculum requirements in effect for the institution at which the student is classified as a degree-seeking student.

These progress measures will be used for policy analysis purposes related to progress toward Plan goals and targets, and will count toward "other successes" as described in the Higher Education Plan.

Core Curriculum Completer. A student may be reported as a core curriculum completer if the institution certifies that the student has satisfactorily completed all required elements and courses in the institution's approved core curriculum (including any hours transferred from other institutions). Core curriculum completers *must* have completed courses totaling at least the number of semester credit hours in the institution's approved core curriculum (range: 42-48 SCH). A student must have completed at least one course in the core at an institution for that institution to identify the student as a core curriculum completer. No student may be reported as a core curriculum completer more than once; the institution that first reports a student as a core completer will be recognized as the institution where the student completed the core. The CIP code defined for all core curricula is 24.0101.00.

Field of Study (FOS) Curriculum Completer. A student may be reported as a field of study curriculum completer if the student has satisfactorily completed all required courses in the field of study curriculum, regardless of whether or not the student has completed any optional courses that may be offered. No student may be reported as a field of study completer more than once for a particular field of study; the institution that first reports a student as a FOS completer will be recognized as the institution where the student completed that particular FOS.

CTC Graduation Report (CBM009)

A student must have completed at least one course in a FOS at an institution for that institution to identify the student as a FOS completer. Students may be identified as FOS completers only in fields of study that have been approved by the Coordinating Board. There currently are 11 approved field of study curricula with CIP codes and parameters as follows:

 Percent Change Of JR-CBM009 Data From Prior Year RunDate: 10/15/2010 Time: 13:41:04
 TEXAS COMMUNITY COLLEGE 111111 FALL 2010

Note: The standard Summary Report is compared to the previous year to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the absolute value of the difference between the current year and prior year item

- 1) is less than 50, a Review message is not printed.
- 2) is between 50 and 10,000, a percentage change greater than 25% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 20% is identified.
- 4) is greater than 100,000, a percentage change greater than 10% is identified.

If the original report had only one column the comparison data is in adjacent column.
 If the original report had multiple columns the comparison data is in the next row and asterisks are printed below the column in question.

The report is a 'work in progress' and we would appreciate any feedback you may have regarding it.

FACILITIES ROOM INVENTORY REPORT CBM011

This manual supersedes the Texas Higher Education Coordinating Board (THECB) 2005 Facilities Inventory Procedures Manual. The THECB implemented the coding structure outlined in this manual on November 1, 2008. The changes implemented in this manual are auditable effective November 1, 2009. All certified inventory reports prior to November 1, 2009 will be audited under the 2005 Facility Inventory Manual. Compatibility and reporting procedures in the 2005 manual have mostly been retained. The primary purpose of this manual is to provide a uniform physical facilities coding system that prevails between higher education institutions in Texas and across the nation for data included in a building and room inventory. It provides a current and common framework for terms and definitions around which to compile data systems for physical facilities. The majority of the data codes are based on definitions and standards established by the National Center for Education Statistics, *Postsecondary Education Facilities Inventory and Classification Manual*, U. S. Department of Education, NCES 92-165, 2006, but some data codes are unique to Texas higher education institutions. The guidelines established by this manual may only be part of an institution's total facilities and capital asset inventory.

Sections 61.0572 and 61.058 of the Texas Education Code define THECB duties and its essential responsibilities to Texas higher education institutions. Basically, the THECB must assist institutions in efficient use of its construction funds and the orderly development of physical plants to accommodate projected college student enrollments.

This report includes distinctions for all types of space within a building and its intended design function. Space Use Codes and Functional Category Codes are found in Appendices F and G, respectively. See Appendix I for a Glossary of Facilities Terms. Visit <http://www.txhighereddata.org/ReportingManuals.cfm> to view the appendices.

Basis for Classification

Information to code rooms according to architectural features can best be obtained by a visual inspection of each room, but may also be obtained from as-built drawings. The evaluation of a room's Space Use Code and Functional Category Code should be based on the judgment of a departmental representative, facility planning, or physical plant personnel who are familiar with the coding structure in this manual. A room's Space Use Code and Functional Category Code can change between inventories or audit dates. A room's Space Use Code does not change until its basic design function has changed. Space Use Code 060 can be used temporarily to reflect non-assigned space while it is undergoing a conversion by remodeling.

Rooms to be Included

Space Use Codes for cubicle space are regarded as Office Facilities (300) that can be assigned to academic, administrative, or service functions of an institution. Each defined workspace can be considered a room. Operations independent of an institution's mission are to be reported under Functional Category Codes 91 and 92. The Appendices to this manual include Space Use Codes for circulation areas, building service, mechanical, and structural areas, which are classified as non-assigned space.

Rooms Not to be Included

CTC Facilities Room Inventory Report (CBM011)

Residential rooms in a facility with Building Type Codes 6 or 7 (Residence/Single and Residence/Family) need not be reported except for rooms used for non-residential purposes. Residential rooms in a facility with Building Type Code 2 (Academic/Residence) need not be reported except for rooms within the building that are used for non-residential purposes. Space within a leased facility that is not used by the institution need not be reported. Covered play areas and covered walkways are not considered rooms.

Addition of Rooms

The addition of rooms should be reported on an on-going basis.

CIP Code and Functional Category Limitations

The CIP code is a required field within a room record that may be prorated up to three times, based on percent of use with different CIP codes, precisely to identify space being used by a particular discipline, department, or function. A six-digit CIP code corresponds to a single instructional program and its first two digits correspond to a group of instructional programs. If an exact CIP code cannot be determined, assign the most accurate code available.

Academic CIP codes should not be used with Institutional Support Functional Category Codes (60 series). These two areas are fundamentally different. Space for academic administration is Functional Category Code Academic Administration (46) and it must be combined with an academic CIP, as in the case of the space devoted to department heads.

Descriptive information on NCES CIP codes can be obtained from the following NCES web address: <http://nces.ed.gov/pubsearch/pubsinfo.asp?pubid=2002165>. The Coordinating Board has an index of the current and deleted NCES CIP codes on its web site at <http://www.txhighereddata.org/Interactive/CIP/>. A list of codes unique to Texas higher education institutions is in Appendix C of this manual.

Basis for Room Measurement

Room area is measured to the nearest square foot in accordance with parameters established by the facilities audit protocol.

Space Use Codes

Primary Space Use/Design Use: Each room has one best Space Use Code based on its exclusive or predominant design/use. Primary activity areas (Space Use Codes) always end with "0". For a room used as an office (Space Use Code 310) and a research/non-class laboratory (Space Use Code 250), a single determination for primary activity should be made. It is recommended that primary be evaluated in terms of time, the human activity that focuses on use, rather than space. Space Use Codes change when a room's predominant use or physical characteristics have been changed and/or remodeled.

Service Codes: Determine whether the existence of a particular room, with its specific design/function and use, is dependent upon or justified by another room (usually nearby) and its specific use. If a significant degree of dependency exists, an appropriate service code should be used. Support or service space is identified by Space Use Codes ending with "5".

CTC Facilities Room Inventory Report (CBM011)

Proration of Use

Up to three Functional Category Codes may be assigned to a single room: primary, secondary, and remaining. Where a room serves several purposes or uses, it may be reported based on time spent on each activity. Overall, the total percent of use/proration for primary, secondary, and remaining use must always total 100 percent. Only a room's function (Functional Category Code) and program area (CIP Code) may be prorated since its space use (Space Use Code) cannot be prorated.

Floor (optional)

Floor numbers are two characters in length. Zero fill the first position of the Floor field for floors less than 10 (01, 02, etc.). A basement should be coded as '00'. Sub-basements should be coded with an 'S' in the first position and the sub-basement number in the second position (S1, S2, etc.). Mezzanines should be coded with an 'M' in the first position and the mezzanine number in the second position (M1, M2, etc.). See illustration.

FACILITIES BUILDING INVENTORY REPORT CBM014

This manual supersedes the Texas Higher Education Coordinating Board (THECB) 2005 Facilities Inventory Procedures Manual. The THECB implemented the coding structure outlined in this manual on November 1, 2008. The changes implemented in this manual are auditable effective November 1, 2009. All certified inventory reports prior to November 1, 2009 will be audited under the 2005 Facility Inventory Manual. Compatibility and reporting procedures in the 2005 manual have mostly been retained. The primary purpose of this manual is to provide a uniform physical facilities coding system that prevails between higher education institutions in Texas and across the nation for data included in a building and room inventory. It provides a current and common framework for terms and definitions around which to compile data systems for physical facilities. The majority of the data codes are based on definitions and standards established by the National Center for Education Statistics, *Postsecondary Education Facilities Inventory and Classification Manual*, U. S. Department of Education, NCES 92-165, 2006, but some data codes are unique to Texas higher education institutions. The guidelines established by this manual may only be part of an institution's total facilities and capital asset inventory.

Sections 61.0572 and 61.058 of the Texas Education Code define THECB duties and its essential responsibilities to Texas higher education institutions. Basically, the THECB must assist institutions in efficient use of its construction funds and the orderly development of physical plants to accommodate projected college student enrollments.

This report includes facilities under the jurisdiction or control of the institution's governing board, regardless of location and encompasses different types of structures, including marine/research vessels; aquarium structures; animal quarters; and trailers on wheels that are not mobile. If a building is not owned by the institution or is shared with other tenants, include only the portion of the building leased or controlled by the institution and its pro rata share of gross, assignable area and non-assignable area.

The report includes minor structures or temporary facilities that meet all of the following criteria:

- the structure is attached to a foundation,
- the structure is roofed,
- the structure is serviced by a utility (exclusive of lighting), and
- the structure is a source of maintenance and repair activities.

Refer to Appendix H for building data file codes and definitions, and Appendix I for a Glossary of Facilities Terms located at <http://www.txhighereddata.org/ReportingManuals.cfm>.

Addition of Buildings

The addition of buildings should be reported on an on-going basis.

Building Demolition

A building must be on the inventory with the appropriate Building Condition and Functional Category Codes until demolition is completed; at which time the building and room records may be deleted.

CTC Facilities Building Inventory Report (CBM014)

Exclusions

Do not include buildings intended as investment properties, which are used only for revenue generation and not for institutional purposes. Additionally, exclude hospitals not owned by the institution (except for any space in the hospital leased or controlled by the institution), public schools not owned by the institution, but used for practice teaching, and federal contract research centers identified by the Federal Office of Management and Budget (OMB).

Basis for Building Measurement

Compute gross area using an accurate and verifiable means to the nearest whole square foot.

NOTES:

Building Type code 2 (Academic/Residence) is a mixed-use facility and only nonresidential rooms should be included in the facilities inventory room file.

Building Type codes 6 and 7 (Residence/Single and Residence/Family) do not require residential rooms to be included in the facilities inventory room file. The building's assignable space will automatically be calculated at 60 percent.

Building Type codes 8 and 9 (Non-institutional Agency Buildings and Rental Property) are not required to be included in the facilities inventory room file that serves non-institutional functions.

STUDENTS IN CONTINUING EDUCATION COURSES REPORT CBM00A

This report includes all students enrolled as of the official census date in continuing education courses (reported on the CBM00C for state funding) where the official census date occurs within the reporting period. Do not report students who are enrolled in non-credit courses that do not result in CEUs being awarded.

Students who withdraw from the institution prior to or on the official census date will not be reported. Since there should be no classes that are longer than 18 weeks, "partial" class reporting is discontinued.

The Official Census Date is the third class meeting for all students enrolled in classes which have three or more scheduled class meetings and the last class meeting for all students enrolled in classes which have less than three scheduled class meetings. Students enrolled in CEU classes may be reported if the courses, as actually taught, comply with "The Continuing Education Unit: Guidelines" of the Commission on Colleges of the Southern Association of Colleges and Schools (SACS). These guidelines include transcribing of an individual's participation.

Student Attendance

On April 19, 1996 the requirement to maintain attendance records for students in classes reported on the CBM00C was eliminated.

CB Rule Regarding Tuition and Fees

The conditions that apply to the collection of tuition are found in Chapter 21, Subchapter A, paragraph 21.4 of the CB Rules at <http://www.thecb.state.tx.us/Rules/>.

Tuition and Fee Refund Policy

CB Rule 21.5 in Subchapter A, Chapter 21, identifies the tuition and fee refund policy. Use the link in the paragraph above to view it.

Item #13B Remote Campus. Enter '5' if the student is confined in a correctional institution; leave blank if not. Students attending out-of-district branch campuses recognized by the Coordinating Board as such must also be identified separately. SUMMARY OF CBM00A STUDENT REPORT METHODOLOGY

NOTE: Records which have any items in error (invalid amounts) are not included in any of the summary values. The Type Major Item #13C is evaluated to determine in which column the respective counts are summarized.

1. **TOTAL HEADCOUNT.** Total headcount is a summation of all CBM00A records which are displayed separately. The total headcount is categorized by gender, classification, age, tuition status, residence, non-disclosure, ethnic origin, first-time students, and special populations
2. **AGE.** Each student's age, for the purpose of the summary report, is calculated by comparing each student's date of birth to the beginning date of the quarter. For this purpose, the beginning date of each quarter is:

Fall	September 1
Winter	December 1
Spring	March 1
Summer	June 1

3. **CONTACT HOURS.** Each category of continuing education contact hours (Item #10A and Item #27) are summed to produce the CE contact hours.

 TEXAS COMMUNITY COLLEGE 111111 Quarter 1 2010

Note: The standard Summary Report is compared to the previous year to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the absolute value of the difference between the current year and prior year item

- 1) is less than 50, a Review message is not printed.
- 2) is between 50 and 10,000, a percentage change greater than 25% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 20% is identified.
- 4) is greater than 100,000, a percentage change greater than 10% is identified.

If the original report had only one column the comparison data is in adjacent column.
 If the original report had multiple columns the comparison data is in the next row and asterisks are printed below the column in question.
 The report is a 'work in progress' and we would appreciate any feedback you may have regarding it.

CONTINUING EDUCATION CLASS REPORT CBM00C

REPORTING FORM

All students enrolled in Coordinating Board-approved continuing education courses will be reported on the CBM00C, which is submitted quarterly. All students who are counted on the CBM00C should also be reported on the CBM00A. The courses reported on the CBM00C include all specially approved continuing education courses (local need) and courses listed in the continuing education section of the Workforce Education Course Manual.

		<u>Due Date</u>	<u>Odd Year</u>
First Quarter	September 1 - November 30	December 15	
Second Quarter	December 1 - February 28	March 15	Mid-February
Third Quarter	March 1 - May 31	June 15	
Fourth Quarter	June 1 - August 31	September 15	

OFFICIAL REPORTING DATE

The third class meeting is the official reporting (census) date for all students enrolled in the classes that have three or more scheduled class meetings. The official reporting date of classes with less than three scheduled meetings is the last class date.

REPORTING CLASS HOURS

All of the class contact hours will be reported in the quarter in which the official census date occurs. There should not be any classes extending over more than 18 weeks, so a "Partial" record will not be accepted.

CRITERIA FOR REPORTING STUDENT ATTENDANCE

On April 19, 1996 the requirement to maintain attendance records for students in classes reported on the CBM00C was eliminated.

TUITION AND FEES

The conditions that apply to the collection of tuition are found in Chapter 21, Subchapter A, paragraph 21.4 of the CB Rules at <http://www.theccb.state.tx.us/Rules/>. CB Rule 21.5 in Subchapter A, Chapter 21, identifies the tuition and fee refund policy.

GUIDELINES ON FUNDING LIMITATIONS FOR REPEATED COURSES

To evaluate the status of students who are not allowed to be funded if they repeat a course more than twice, see the guidelines at <http://www.theccb.state.tx.us/Rules/>, Chapter 13, Subchapter F, Sections 13.100-13.109.

Inter-Institutional Courses See a more detailed discussion in the CBM004.

Multi-Institutional Teaching Center See a more detailed discussion in the CBM004.

CTC Continuing Education Class Report (CBM00C)

INSTRUCTIONS FOR CONTINUING EDUCATION CLASS REPORT

Item #1 Record Code. Always enter 'C'.

Item #2 Institution Code. Enter the FICE Code of the institution.

Item #3 Subject Prefix. Enter the subject abbreviation of this course.

Item #4 Course Number. Enter the course number.

NOTE: Subject Prefix and Course Number should each be left-justified.

Item #5 Section Number. Enter the section number assigned to this class.

NOTE: All classes must be assigned a section number. The section number reported to the Coordinating Board must be uniquely identifiable if it must be reported in two or more quarters. Sections which begin in the reporting quarter must not have a section number that has been assigned to a course that is ending in this quarter.

Item #6 Course End Date. Enter all four digits of the year and the two digits of the month that the class ends in YYYYMM format.

Item #7 Type of Instruction. Enter the code of the primary type(s) of instruction used in this section. If multiple types of instruction are used, e.g., section entails lecture and clinical, see notes on multiple entries.

1	Lecture	4	Electronic (Optional)	7	Practicum
2	Laboratory	5	Co-op		
3	Clinical	6	Internship		

NOTE: Courses that were formerly called "Instructional Telecommunications" (code 4) are now called "Electronic" and should be coded according to their type of instruction rather than the mode of instruction which will now be identified in Item #12. However, if you consider the "Electronic" medium a type of instruction, you may use the optional code '4' in Item #7 and you must identify the mode of instruction in Item #12. (More discussion of Instructional Telecommunications is described in the Introduction of the CBM004 and more discussion on multiple entries reporting is described on page 4.11.) Lecture and laboratory instruction can be combined and reported in the same record. To be reported with a code '6', internship, or code '7', practicum, the course must be posted on the WECM inventory with a course type '6' or '7', respectively.

Item #8 Course Type. Enter the code of the type of course.

3 Continuing education courses: specially approved continuing education courses listed in the institution's technical/continuing education course

- 5 Continuing education courses listed in the *Workforce Education Course Manual*. All courses in this category will award Continuing Education Units.

Item #9 Location Code. Enter the code indicating where this section meets. Courses taught at one of the locations coded '5', '6', '7', '9', or 'A' should be reported even if they are taught in-district.

- 1 In-District
2 Out-of-District (regular); other locations not listed below

NOTE: Classes taught away from the main campus of TSTC or Lamar, if the entity or facility is not listed below, will be coded a '2'.

- 3 Out-of-State
4 Foreign Country
5 Correctional Institution - Courses taught in a correctional institution in Texas by a public institution of higher education.
6 Inter-institutional - Courses taught by one institution *for the students* of another through a mutual agreement approved by the Coordinating Board. See definition in the Introductory Section of the CBM004.
7 Military Bases - Courses taught on a military base.
8 Primary or Secondary School - Courses taught on the campus of a public or private primary or secondary school out of the institution's taxing district.
9 Individual Instructional Telecommunications Receiver - Courses delivered through Instructional Telecommunications to individuals via the Internet, videotape, or live broadcast delivery systems. See definition in the Introductory Section of the CBM004.

B Business, Government, or Other Work Location - Courses taught at such entities out of the institution's taxing district.

NOTE: Item #12B, Zip Code, must be completed for all classes taught at all of the locations identified above, except locations coded '1', '6', '9', or 'A'.

Item #10 Contact Hours. Enter the number of contact hours (whole numbers) for which the course is actually scheduled. The hours reported will not exceed the class contact hours as shown in your approved course inventory for one student for the entire course. The contact hour value does not change in a subsequent quarter when reporting the end-of-quarter enrollments.

NOTE: *The total contact hours of the CBM00A must be within plus or minus 500 total contact hours of the CBM00C.*

CTC Continuing Education Class Report (CBM00C)

Item #11 Approval Number. Enter the six-digit approval number assigned to the continuing education course (left-justified with trailing zeros). The Coordinating Board will insert zeros in positions 7 and 8 and the associated funding code in positions 9 and 10 of the CIP code during the edit process.

Item #12 Instruction Mode. Enter the primary mode of instruction where 50% or more of the instruction is delivered via a single mode.

- 1 Face-to-Face - The instructor and the students are in the same physical location at the same time
- 2 Fully Distance Education Course
- 3 Video Tape/DVD and/or Broadcast TV
- 4 Two-way Interactive Video
- 5 Multiple or Other Electronic Media (Use only if no other single mode accounts for 50% of the instruction or if the electronic instruction mode is not listed above.)
- 6 Hybrid/Blended Course

NOTE: Instruction mode "2" Fully Distance Education Course -- A course which may have mandatory face-to-face sessions totaling no more than 15 percent of the instructional time. Examples of face-to-face sessions include orientation, laboratory, exam review, or an in-person test.
Instruction mode "6" Hybrid/Blended Course -- A course in which a majority (at least 50 percent but less than 85 percent) of the planned instruction occurs when the students and instructor(s) are not in the same place.

Item #12A Site Code. This item has been discontinued, but the first column of the old field is being used to identify the Instruction Mode and the other two columns are unused at this time.

Item #12B Zip Code Where Classes Taught. Enter the zip code of the specific site for all classes taught at the locations identified by codes '2', '5', '7', '8', and 'B' in Item #9. For locations identified by codes '3' and '4' in Item #9, enter the three-digit state or foreign country code (see Appendix B and right-justified with 2 leading zeros). Leave this Item blank for location codes '1', '6', '9', and 'A' in Item #9. Classes taught at an out-of-district branch campus recognized by the Coordinating Board as such must also be identified separately with a specific zip code.

Item #13 Instructor Code. Enter the Social Security Number of the faculty member of record who participates in the delivery of instruction and evaluation of the student's progress in this section. If the class section is an inter-institutional class (Item #9 is coded '6') that is being taught by a faculty of another institution, enter the SSN of the instructor and enter the FICE of the other institution in Item #19.

In the situation where there is more than one instructor, a class record should be reported for each instructor. Items #7, #9, #10, #12, #12B, #13, #14, and #16 may vary. The contact hours should be apportioned among the individual records as the

CTC Continuing Education Class Report (CBM00C)

institution sees fit, but the sum of the data in Item #10 must not exceed the contact hours actually scheduled, and the maximum contact hours approved for the course. All other items should be identical.

If a class record is submitted only to report the end-of-quarter enrollment (the census date was in a prior quarter) and there were multiple instructors for the class, the institution may submit one record with the Social Security number of the primary instructor reported in Item #13.

Item #14 End of Course Enrollment. Enter the number of students (who had not withdrawn or dropped) who were enrolled on the final day of the class if the Course End Date (Item #6) occurred within the reporting quarter. Students who did not qualify to be reported on the census date (i.e., in Item #16) should not be included here either.

When the Course End Date does not occur within the reporting quarter, enter zeros.

NOTE: A class section is reported on the CBM00C:

1. In one quarter, if both the official census date and the course end date occurred in the same quarter.
2. In two quarters, if the two dates did not occur in the same quarter: the quarter the official date occurred and the quarter that the course end date occurred.
3. If the census date occurred in quarter 1 and the course-end date occurred in quarter 3, no CBM00C record for the class is reported in quarter 2.

Item #15 Census Month. Enter the month in which the official census date occurs.

Item #16 Census Date Enrollment.

1. If the official census date occurs within the reporting period, enter the total number of students enrolled in the section as of the official census date.
2. If the official census date occurred in a prior reporting period and the "course end date" (Item #6) occurred within the reporting period, enter zeros since this is an end-of-course record.

Item #17 Quarter. Enter the quarter that this report covers.

- | | | | |
|---|-------------------------|---|-------------------------|
| 1 | First Quarter (Fall) | 3 | Third Quarter (Spring) |
| 2 | Second Quarter (Winter) | 4 | Fourth Quarter (Summer) |

Item #18 Year. Enter all four digits of the calendar year in which the quarter terminates. (Example: For the second quarter report covering months of December, January, and February of 2009-2010 school year, enter '2010'.)

Item #19 Inter-institutional FICE. Enter the six-digit FICE code that identifies the provider institution of the faculty of record if Item #9 is coded a '6' (see Appendix A). If the course is taught at a multi-institution teaching center or system center identified in Item #9 with a code 'A', enter the assigned FICE of the MITC (see list on page 4.4).

CTC Continuing Education Class Report (CBM00C)

Item #20 Unused

Item #21 Enrollment of Students Not Eligible for State Funding. Enter the total number of students officially enrolled in this section who are not eligible for state funding (an example are students who have repeated a course three or more times). Students counted in this item should not be included in Item #16. There is further discussion on page 4.1. Right justify with leading zeros.

DISCREPANCY: The number of records received in each submission is compared to the number in the trailer record (control total). The difference is shown on the edit report as a discrepancy.

CTC Continuing Education Class Report (CBM00C)

MULTIPLE ENTRIES: When you report multiple classes with the same Subject Prefix, Course Number and Section Number, the sum of all contact hours generated must fall within the range of hours approved. When a variable exists for any data item of a course record, e.g., more than one faculty member teaching a single section or variable credit offered within a single section, make separate entries for each variable item.

To enter a multiple record, duplicate all Items #1 thru #19 of the first record except those items which may vary. The contact hours (Item #10) will be apportioned by the institution, the total of which should not exceed the number that the class is scheduled and that is approved in the Coordinating Board inventory. When class records are submitted only to report the end-of-course enrollments (Item #14) and the official census date occurred in a prior quarter, multiple records are not required. The primary instructor code would be reported in Item #13.

EXAMPLE 1 - When two or more instructors share teaching duties in a class, there will be a separate entry for each instructor involved. The contact hours will be apportioned by the institution.

EXAMPLE 2 - When one instructor teaches lecture and another teaches lab, Item #10's contact hours will be apportioned by the institution, the total of which should not exceed that approved by the Coordinating Board.

EXAMPLE 3 - When there is more than one lab to a lecture, the class may be reported as one record unless there is more than one faculty involved in the class and then separate records should be submitted to identify all faculty responsible for each class component. All items will be as indicated in example 2, but enrollment in the labs may vary.

CTC Continuing Education Class Report (CBM00C)

SUMMARY OF CONTACT HOURS GENERATED METHODOLOGY

In order to produce the Summary of Contact Hours, continuing education courses are matched by the Coordinating Board approval number for each class to the course inventory. Only the contact hours for those classes with approval numbers that are in the course inventory and are free of reporting errors are tabulated. Those classes with approval numbers that are not in the inventories are listed on the edit report entitled "CBM00C - Not on Course File." The approval number mismatch must be resolved before the hours for these classes can be added into the total.

The enrollment of each class (Item #16) with a valid approval number is multiplied by the contact hour value shown on the CBM00C for that class and is summed to generate the in- and out-of-district contact hour values. Item #21 is summed to produce the unfunded column amounts. The contact hours produced are then aggregated by program/discipline area.

A Summary of Course-End Contact Hours Generated in Continuing Education Courses will be generated for those classes where the Course End Date occurred in the reporting quarter and where the class matched to the institution's inventory of approved courses. The Course-End Enrollment (Item #14) is multiplied by the contact hour value.

Note: The Report compares the Census Day and the End of Quarter to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the difference < 0 or absolute value of the difference between the Census Day and End of Quarter item

- 1) is less than 100, a Review is not printed unless it is negative.
- 2) is between 100 and 10,000, a percentage change greater than 35% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 30% is identified.
- 4) is greater than 100,000, a percentage change greater than 20% is identified.

The report is a 'work in progress' and we would appreciate any feedback you may have regarding it.

MARKETABLE SKILLS ACHIEVEMENT REPORT CBM00M

This report will include Marketable Skills Achievement (MSA) awards granted to students in active Coordinating Board approved programs during the fiscal year. A marketable skills achievement award may be a credit program of 9-14 SCH or a workforce continuing education program of 144-359 contact hours. These awards meet minimum standard for program length specified in the federal Workforce Investment Act (WIA), but are too short to qualify as certificate programs on the Coordinating Board program inventory.

Marketable Skills Achievement awards must meet the following criteria:

- The content of the award must have been recommended by an external workforce advisory committee or appear on the Local Workforce Development Board's Demand Occupations list;
- In most cases, the award must be composed of Workforce Education Course Manual (WECM) Courses. Academic courses that are not "B or better" courses for TASP purposes may occasionally be used if recommended by the external committee;
- If the award does not have at least 50 percent of its course work in a CIP code area in which the college has an approved program on the program inventory, the college must comply with the single Course Delivery guidelines for WECM courses listed in Chapter Four, page 14 of the GIPWE; and
- The college should document that the award prepares students for employment in accordance with guidelines for the Workforce Investment Act.

Other limitations:

- Only one Marketable Skills Achievement award per FICE/SSN combination is allowed per year.
- If a student is awarded an associate degree and an MSA award concurrently, a separate record for each award must be submitted.
- This report will be due by October 15 in the fall semester following the close of the fiscal year.

Note: The standard Summary Report is compared to the previous year to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the absolute value of the difference between the current year and prior year item

- 1) is less than 50, a Review message is not printed.
- 2) is between 50 and 10,000, a percentage change greater than 25% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 20% is identified.
- 4) is greater than 100,000, a percentage change greater than 10% is identified.

If the original report had only one column the comparison data is in adjacent column. If the original report had multiple columns the comparison data is in the next row and asterisks are printed below the column in question. STUDENT NUMBER CHANGE REPORT
CBM00N

The Texas Education Code, Sections 54.068 and 61.0595, sets an undergraduate funding limit for universities and health-related institutions equal to length of degree plus 45 semester credit hours. The limit applies to students who first enroll in an institution of higher education in the 1999 fall semester and later. The academic semester credit hours attempted at community, technical, and state colleges affect this limit. In order for the Coordinating Board to maintain a database indicating the number of hours an eligible undergraduate student has accumulated toward the limit, student identifying numbers (social security numbers), birth dates, and gender must be as accurate as possible. These changes can be submitted through the electronic data transfer system using the format identified in this report.

When the current change is applied to the database at the Coordinating Board, any number that generates a conflict with a student number that already exists on the database will require that a copy of the student's social security card be sent to the Educational Data Center so conflicts can be resolved.

The CBM00N database is operational. This report can be submitted at any time. The date that the CB applies the change will be maintained in the database.
