**TEXAS HIGHER EDUCATION COORDINATING BOARD
Educational Data Center**

No format changes for December 1, 2013 - December 1, 2024 data reporting.

Change to Secure Submission Process for CBM Student Data Reports beginning 2021:

The Texas Higher Education Coordinating Board (THECB) will require reports be submitted through the secure method described below. In order to submit CBM files to the Educational Data Center (EDC) for processing, you must now log into the THECB secure web server using the Data Submission Portal (formerly EDC Portal) in a web browser.

Using Data Submission Portal to Transfer CBM001 and CBM009

Beginning with December 1, 2021 data reporting, both the CBM001 and CBM009 reports must now be submitted through the new Data Submission Portal (formerly EDC Portal). The CBPass Login is used for registered institutional users with appropriate permissions to access the secure Data Submission Portal web application. While access to the MOVEit Portal is still available for uploading or retrieving files securely, CBM001 and CBM009 submissions will no longer be processed using that system.

The information needed for the secure transfer of data using either of these methods can be found at:

<http://www.txhighereddata.org/DataExchange>

Please note that CBPass (for the EDC Portal) and MOVEit usernames and passwords are different. If you do not have these for either system, contact Clifford King at Cliff.King@highered.texas.gov or 512-427-6441.

New Certification Process for CBM Student Data Reports beginning 2023:

Beginning with December 1, 2023 data reporting, instead of sending a certification statement via email, certification will be completed within the Data Submission Portal. Once a CBM report is error free, select the menu item Certification > Request to Certify. In the **Certifiable Reports** table, click the **Request Certification** button in the **Justification** column for the applicable report. Add **Justification Comments** to any **Review Items** as needed. Add contact info on the following page to complete the submission request form.

If the certification request is denied or further information is needed, an email with instructions will follow. A system email will be sent when the Data Analyst approves the certification request. This process will need to be repeated for each CBM report.

For reference, the previous version of this reporting manual can be found by clicking on [Reporting and Procedures Manual for Texas Career Schools and Colleges 2023](#). FOREWORD

Career Schools and Colleges and Private and Out-of-State Public Postsecondary Institutions

The reports discussed in this manual are for **Career Schools and Colleges and Private and Out-of-State Public Postsecondary Institutions operating in Texas under a Certificate of Authority or a Certificate of Authorization**. The THECB welcomes the participation of these institutions in this data sharing effort. We believe that the resulting information will satisfy a legislative mandate and benefit participating institutions, policymakers, and the public.

We ask the participants in the data sharing effort to submit the following reports to the THECB on the dates indicated in this manual:

- (1) A student report (CBM001), submitted once a year, which contains student-level enrollment data; and
- (2) An annual graduation/completion report (CBM009) submitted once a year, which reports the previous year's graduates.

Why should you participate?

The student-level data that you submit will make it possible for the THECB to respond to the performance measures the Legislature has created under SB 281, as well as some federal reporting requirements. Also, participation in the THECB database will make it possible to track the academic progress of students who leave your institution and enroll in public or other participating private higher education institutions in Texas, or who enter the workforce.

General Information

All reports must be submitted electronically as described in the Electronic Data Transfer System section of this manual. A set of instructions for preparing the data in the THECB format is associated with each report.

ELECTRONIC DATA TRANSFER SYSTEM

The submission of CBM reports must be by electronic transfer. If any data items need to be changed, make the changes to your file and re-submit it as a complete report.

State and federal security requirements mandate that confidential data be transferred using a secure process. The Texas Higher Education Coordinating Board (THECB) will require reports be submitted through the secure method described below. In order to submit CBM files to the Educational Data Center (EDC) for processing, you must now log into the THECB secure web server using the Data Submission Portal (formerly EDC Portal) in a web browser.

Using Data Submission Portal to Transfer CBM001 and CBM009

Beginning with December 1, 2021 data reporting, both the CBM001 and CBM009 reports must now be submitted through the new Data Submission Portal (formerly EDC Portal). The CBPass Login is used for registered institutional users with appropriate permissions to access the secure Data Submission Portal web application. While access to the MOVEit Portal is still available for uploading or retrieving files securely, CBM001 and CBM009 submissions will no longer be processed using that system.

The information needed for the secure transfer of data using either method can be found at:

<http://www.txhighereddata.org/DataExchange>

Please note that CBPass (for the Data Submission Portal) and MOVEit usernames and passwords are different. If you do not have these for either system, contact Clifford King at Cliff.King@highered.texas.gov or 512-427-6441.

You may create the data file containing a header record, data records, and a trailer record by whatever method available. The resulting ASCII text file must not contain commas or tabs, but be in a space-delimited, fixed format as defined in this manual.

The actual file name is not critical. Information in the header record is used to identify data contained in the file. The trailer record contains a record count of the actual number of data records, not including the header and trailer records, in the file. The record count in the trailer record will be used to verify that all records were transferred through the communication system.

The data sent to the THECB via the Data Submission Portal is uploaded under Reports > Submit Report and the edit and summary report files are retrieved from Reports > Submission Status.

The data content of files will be defined in the Data Processing Record Layout of each report in this manual. The format and content of the HEADER and TRAILER records are critical and must be valid.

General Reporting Issues

File Transfer System INPUT FILE FORMAT

HEADER RECORD		<u>Beginning Position</u>	<u>Length</u>
Item #1	File Label-ID - Always 'HY2K'	1	4
Item #2	Institution Code - FICE - Numeric	5	6
Item #3	Data Identifier, i.e., CBM001 or CBM009	11	6
Item #4	Reporting Period - Numeric ('5')	17	1
Item #5	Year - Numeric - YYYY	18	4
Item #6	Record Type - C for a Complete report	22	1
Item #7	Length of one student data record within report – Numeric, leading zeros, i.e., "0113" for CBM001, "0100" for CBM009	23	4
Item #8	Name and e-mail address of person submitting the file	27	As Required

NOTE: Use a space (not a special character) to separate the name and e-mail address. The length of the record may extend up to 400 characters in order to contain the name and e-mail address.

DATA RECORDS

For CBM Reports, data record formats must match the record formats specified in the documentation for each report.

TRAILER RECORD		<u>Beginning Position</u>	<u>Length</u>
Item #1	File Label-ID - Always 'EOF1'	1	4
Item #2	Record Count - Numeric, leading zeros (Number of data records in file, not including "Header" and "Trailer" records)	5	5

Record size may be any length up to 400 characters

e.g. EOF100999 would be the trailer record for 999 student data records.

General Reporting Issues

EDIT REPORT OUTPUT FILES

The data sent to the THECB via the Data Submission Portal is uploaded under Reports > Submit Report. Once processed, the edit and summary report files are retrieved from Reports > Submission Status. Click View to see each edit report and click Download to see a copy of the input file associated with that edit report.

As long as there are no format issues or error messages associated with the file uploaded, edit reports should run fairly quickly after each submission to the Data Submission Portal.

General Reporting Issues

CERTIFICATION TRACKING

The goal of these procedures is to have the CBM reports collected by the THECB Educational Data Center and certified by the institutions as available for use within six working weeks of the due date. The follow-up procedures for ensuring timely certification of the reports are:

1. A THECB Data Analyst will telephone or e-mail the Reporting Official if there has been no initial submission of a specific report within two weeks of the due date or if a specific report has not been received and certified two days after the certification date.
2. An e-mail from the Director of the Educational Data Center will be sent to the Reporting Official if the report has not been received and certified by January 22.
3. An inquiry e-mail from the Assistant Commissioner will be sent to the Single Point of Contact if the report has not been received and certified by January 29.
4. The Assistant Commissioner will notify the President that his or her institution is delaying the publishing of statewide reports if the report has not been certified by February 5.

CHANGES TO CERTIFIED REPORTS

- A. Changes to certified data will not be permitted unless an executive officer of the reporting institution requests the change in writing and the reporting error would have a significant impact on future year funding or statistical analysis.
- B. Requests made prior to the data being published may be approved by the Educational Data Center and must not delay standard publish dates.
- C. Requests to change data which are already published must be approved by the Commissioner.

General Reporting Issues

CERTIFICATION STATEMENT INSTRUCTIONS

Certification indicates that the data are error-free and available for use. When an edit for a CBM report is returned to the reporting institution, one of two actions is required:

1. If the edit reveals flagged items, corrections should be submitted for all errors and for questionable items where necessary. Items that are not within the tolerances allowed are considered in error and are identified in bold for the specific item along with an error message in the Error Report section at the bottom of the edit report. If an item is only questionable, it is also identified in bold along with a message in the Questionable Report section at the bottom of the edit report. Questionable items are permitted if they make sense and are justifiable.
2. If all the information is correct, the reporting official should certify the report using the following method (new certification process beginning 2023):
 - a. In the Data Submission Portal, select the menu item Certification > Request to Certify.
 - b. In the **Certifiable Reports** table, click the **Request Certification** button in the **Justification** column for the applicable report.
 - c. The Certification request form will be displayed. Items that were marked for *****Review** will be displayed and a justification will need to be provided for each one of them.
 - d. Click the Save as Draft button to save your work to edit later or click the Request to Certify button to request certification for the report.
 - e. The reporting official will fill out Name, Title, and Phone number on the Certification Request page and click on the Submit button to officially request certification. The Email address is captured from the person's log in information.
 - f. A confirmation message will appear on the screen and an email will be sent to the address of the person submitting the certification request.
 - g. You can check on the progress of the certification request by selecting the menu item Certification > Pending Certification.
 - h. If the certification request is denied or further information is needed, an email with instructions will follow. A system email will be sent when the Data Analyst approves the certification request.
 - i. This process will need to be repeated for each CBM report.

STUDENT REPORT
CBM001

This report reflects all students enrolled at the reporting institution during the annual reporting cycle.

Students included in this report:

1. All students enrolled in courses creditable toward a certificate, degree, or other formal award.
2. Students enrolled in off-campus centers.
3. Students enrolled in courses that are part of a vocational or occupational program.
4. Students who have requested that their directory information not be released.
5. Students who are located in Texas. International students and other non-Texas residents should be reported if they reside in Texas while taking the relevant instruction.

Students excluded from this report - DO NOT include:

1. Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program. For example, do NOT include students in contract training courses unless they are also enrolled in courses creditable toward a degree or other formal award.
2. Students who are exclusively auditing classes.

Changes beginning with December 1, 2010 reporting:

The CBM001 will now permit students to be reported for each program they were enrolled in during the reporting period (previously, duplicates were not permitted). Programs will be primarily identified by their Program CIP code. For those institutions that are also required to report data to TWC (by program on Form PS-072C), programs may be identified more specifically by the unique TWC Course of Instruction ID from each institution's List of Approved Courses of Instruction (which can be obtained from the THECB or TWC), and also include codes for each student's beginning (First Term Status) and ending (Last Term Status) status for the reporting period.

Institutions that are exempt from TWC reporting (and others choosing not to report TWC data to the THECB) should only use Program CIP code to identify their programs and leave the Course of Instruction ID field blank, and use "not applicable" codes of "0" for First Term Status and Last Term Status. For those institutions reporting TWC data, these changes will permit the THECB to summarize your student and award data by Program CIP code and Course of Instruction ID (in Form PS-072 format) and pass this information electronically on to TWC. For TWC exempt schools (and others not reporting TWC data), your data will be summarized by Program CIP code only and will not be passed on to TWC.

INSTRUCTIONS FOR STUDENT REPORT

- Item #1 Record Code. Always enter '1'.
- Item #2 Institution Code. Enter the FICE or institution code of the institution. See [Appendix A](#).
- Item #3 Student Identification Number. Enter the Social Security Number (SSN) of the student without dashes. The official THECB position is that SSN should be provided whenever possible. Not having the SSN will prevent any student tracking beyond your institution. If you are unable to provide SSN, unique nine-digit numbers should be assigned. Begin any assigned number with a 9 in the first digit or include a letter so it will not be mistaken for a real SSN.
- Item #4 Gender. Enter the gender of the student.
M = Male F = Female
- Item #5 Classification. Enter the classification of the student using the following guidelines:
1. Undergraduate Student - A student enrolled in classes creditable toward an undergraduate award (certificate, associate's or baccalaureate degree) or program
 2. Graduate Student - A student enrolled in classes creditable toward a graduate award (master's, doctor's or other post-baccalaureate degree) or program
- Item #6 Date of Birth. Enter all four digits of the year and the two digits of the month and day of birth for the student. If the month of birth is known and the year is unknown, code this item as unknown, or '00000000'.

The THECB uses restricted admission codes to distinguish students who have declared a major in a particular discipline from those who are actually admitted to a certificate or degree program through a restricted or separate admission process. The distinction provides more accurate enrollment and graduation numbers in key, high-demand occupations and the data are often linked to special legislative initiatives.

To ensure accuracy of the number of students in these programs, enter the appropriate code for each student who is admitted to and continuing his/her enrollment in a certificate or degree program in the following areas or CIP codes.

Note: The standard Summary Report is compared to the previous year to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the absolute value of the difference between the current year and prior year item

- 1) is less than 50, a Review message is not printed.
- 2) is between 50 and 10,000, a percentage change greater than 25% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 20% is identified.
- 4) is greater than 100,000, a percentage change greater than 10% is identified.

If the original report had only one column the comparison data is in adjacent column. If the original report had multiple columns the comparison data is in the next row and asterisks are printed below the column in question.

The report is a 'work in progress' and we would appreciate any feedback you may have regarding it.

GRADUATION REPORT
CBM009

This report should reflect awards conferred during the academic year of the reporting period.

If a student is awarded more than one award in a reporting period, enter separate records for each award.

Changes beginning with December 1, 2010 reporting:

The CBM009 continues to permit multiple awards to be reported for each student completing a program. Programs will be primarily identified by their Program CIP code. For those institutions that are also required to report data to TWC (by program on Form PS-072C), programs may be identified more specifically by the unique TWC Course of Instruction ID from each institution's List of Approved Courses of Instruction (which can be obtained from the THECB or TWC), and also include a code for each student's post-completion outcome (Employment Status).

Institutions that are exempt from TWC reporting (and others choosing not to report TWC data to the THECB) should only use Program CIP code to identify their programs and leave the Course of Instruction ID field blank, and use a "not applicable" code of "0" for Employment Status. For those institutions reporting TWC data, these changes will permit the THECB to summarize your student and award data by Program CIP code and Course of Instruction ID (in Form PS-072 format) and pass this information electronically on to TWC. For TWC exempt schools (and others not reporting TWC data), your data will be summarized by Program CIP code only and will not be passed on to TWC.

CSC Graduation Report (CBM009)

INSTRUCTIONS FOR GRADUATION REPORT

- Item #1 Record Code. Always enter '9'.
- Item #2 Institution Code. Enter the FICE or institution code of the institution. See [Appendix A](#).
- Item #3 Student Identification Number. Enter the Social Security Number (SSN) of the student without dashes. The official THECB position is that SSN should be provided whenever possible. Not having the SSN will prevent any student tracking beyond your institution. If you are unable to provide SSN, unique nine-digit numbers should be assigned (same as CBM001). Begin any assigned number with a 9 in the first digit or include a letter so it will not be mistaken for a real SSN.
- Item #4 Gender. Enter the gender of the student.
 M = Male F = Female
- Item #5 Unused. Leave blank.
- Item #6 Date of Birth. Enter all four digits of the year and the two digits of the month and day of birth for the student. If the month of birth is known and the year is unknown, code this item as unknown, or '00000000'.

 YYYY = Year; MM = Month; DD = Day
- Item #7 Last Name. Enter the student's last name. Truncate if the name contains over 20 characters. Convert any accented characters to unaccented equivalents.
- Item #8 First Name. Enter the student's first name. Truncate if the name contains over 10 characters. Convert any accented characters to unaccented equivalents.
- Item #9 Middle Initial. Enter the initial of the student's middle name.

CSC Graduation Report (CBM009)

Item #10 Program. Enter the 2020 six-digit CIP code (see [Appendix C](#) or view the complete list of 2020 CIP Codes at <http://www.txhighereddata.org/Interactive/CIP/>) in which the award was earned. Append two zeros to the CIP code to make it align with the eight-digit Texas CIP codes (e.g. 11.0101 would be entered as 11010100).

Item #11 Course of Instruction Identification Number. For those institutions that are also required to report completer data to the Texas Workforce Commission (by program on Form PS-072C), programs may be identified more specifically by entering the unique 5-digit TWC Course of Instruction ID number (including leading zeros) from each institution's List of Approved Courses of Instruction (which can be obtained from the THECB or TWC).

If not applicable, leave blank.

Item #12 Level of Award Conferred.

1. Associate
2. Certificate
7. Baccalaureate
8. Master's
9. Doctor's Degree - Research/Scholarship
0. Doctor's Degree - Professional Practice

Item #13 Type of Award. Enter the abbreviation for the degree or certificate awarded, left justified.

For an associate degree, enter the abbreviation of the degree exactly as defined below:

- | | |
|-----|-----------------------------------|
| AA | Associate in Arts |
| AAA | Associate in Applied Arts |
| AAS | Associate in Applied Science |
| AOS | Associate in Occupational Studies |
| AS | Associate in Science |

For an undergraduate-level certificate, enter 'CERT'.

For a graduate-level certificate, enter 'CERTG'.

For a baccalaureate degree, enter 'BAT' or appropriate abbreviation.

For a master's degree, enter the appropriate abbreviation.

For a doctor's degree, enter the appropriate abbreviation.

CSC Graduation Report (CBM009)

Note: The standard Summary Report is compared to the previous year to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the absolute value of the difference between the current year and prior year item

- 1) is less than 50, a Review message is not printed.
- 2) is between 50 and 10,000, a percentage change greater than 25% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 20% is identified.
- 4) is greater than 100,000, a percentage change greater than 10% is identified.

If the original report had only one column the comparison data is in adjacent column. If the original report had multiple columns the comparison data is in the next row and asterisks are printed below the column in question. The report is a 'work in progress' and we would appreciate any feedback you may have regarding it.
